Air Force Chief Of Staff As-

GIVES TESTIMONY  
IN HOUSE PROBE

(U. S. Staff Correspondent)

WASHINGTON, Oct. 19.—Gen. Hoyt Vandenberg, Air Force chief of staff, "assured" the nation and the world today that America's strategic air command is capable of attacking an enemy with atomic bombs.

He did so, he stated, because navy attacks upon the air force's long-range B-36 "intercontinental" bomber may have shaken the faith of the American public and its friends overseas in its ability to accomplish its mission.

"Can Do Their Job"

The six-engined bombers he stated flatly, "can do their job" their present importance, he emphasized, is to deter "Soviet ag-

gression" with the threat that in the event of war the B-36 would deliver an atomic attack from bases on the North American continent.

Vandenberg asserted that should war come he wanted the United States and the Atlantic pact nations to know that the much-disputed bomber could accomplish its mission, escorted by fighter planes or unescorted, during day or night, in bad or good weather.

The four-star general was clear and unequivocal in his statement as he took the witness stand in the defense policy hearings before the house armed services committee to answer navy attacks.

The navy's top-flight officers have charged that the airforce "unbalanced" the nation's security by over-emphasis on the B-36 bomber and strategic (long-range) attack; that the B-36 could be easily detected and that it was vulnerable to swift and deadly attack by faster jet fighter planes.

Out of state motorists entering Lawrence County on Route 224 are greeted by a large sign erected by the highway department in connection with Pennsylvania Week. The sign welcomes outsiders to this great state.

Those who of necessity left their homes early this morning for downtown offices, schools and other places of employment, found that extra clothing was needed. The temperature dropped quite low over the night hours.

Boys and girls have begun their annual door to door rounds of local homes seeking out candies and fruit in connection with their annual halloween activities. Many of the youngsters are attired in varied outfits, including clothing of their parents and other relatives.

## Resigns Post

WASHINGTON, D. C.—Dr. Edwin G. Nourse (above), chairman of Council of Economic Advisors who handed resignation to President Truman in August, is said to have made it clear that he intends to leave the post November 1.

No Successor  
To Dr. Nourse Is  
Selected Yet

WASHINGTON, Oct. 19.—(INS)—The White House said today that no successor has been chosen to replace Dr. Edwin G. Nourse, who is resigning Nov. 1 as President Truman's top economic adviser.

Beyond this statement, Presidential Secretary Charles G. Ross would make no comment on Nourse's resignation as head of the council of economic advisers.

It was disclosed, however, that President Truman is making no effort to persuade Nourse to stay.

On two previous occasions Nourse has submitted his resignation, but has been persuaded by the President to stay. Nourse has been in conflict with the two other Democratic council members over championing administration proposals, and in a speech Tuesday attacked government deficit spending.

Ross said that the President has not yet accepted the resignation. At the same time it was made clear that he will when he gets around to it.

Winston Churchill  
Hails United States

BRISTOL, Eng., Oct. 19.—(INS)—Winston Churchill hailed the United States today as the most unselfish and generous nation ever to achieve the status of a world power.

Britain's wartime prime minister spoke as chancellor of Bristol University in conferring in honorary doctor of laws degree on U. S. Ambassador Lewis Douglas.

Churchill said the United States is "more devoid of selfish ambition and more animated by a wholehearted resolve to serve the forces of mankind" than any country to rise to world eminence and power.

Lewis Walks Out  
On Coal Parley

By PHILLIPS J. PECK  
(U. S. Staff Correspondent)

WHITE SULPHUR SPRINGS, W. Va., Oct. 19.—Negotiations to settle the five-week coal strike neared an end today when John L. Lewis "walked out" after 45 minutes futile discussion with northern operators.

The government is expected to call the parties to Washington today or tomorrow.

The United Mine Workers president left the meeting as if to buy a cigar, giving neither the producers nor his own union associates any information that he was not returning.

A few minutes later, however, he sent a bellboy for his bags, got into his black limousine and drove out the main gate of the Greenbrier Hotel grounds. His destination was not disclosed.

Report 300 Killed  
In China Air Raid

HONG KONG, Oct. 19.—(INS)—Left-wing Chinese sources said today that a Nationalist air-raid on the city of Ningpo last Monday killed 300 persons.

The raid was said to have caused extensive damages in the port city, which is located in Chekiang Province, about 110 miles south of Shanghai.

The Communist radio at Peiping, meanwhile, hinted at a possible Red invasion of the island of Formosa, Nationalist bastion in the South China Sea.

Federal Mediation Boss In  
Conference On Steel  
Strike, In New York

MET WITH Y.S.&T. CO.  
OFFICIALS TUESDAY

NEW YORK, Oct. 19.—(INS)—Federal mediation boss Cyrus S. Ching confers with "big steel" officials in New York today in a new effort to settle the 19-day-old steel strike amid mounting industrial layoffs.

The director of the Federal Mediation and Conciliation Service is making the rounds of the various steel companies in an effort to break the deadlock over pensions and social insurance. Thus far, he has met no success.

Met Y. S. & T. Co. Officials

He conferred in Washington yesterday with representatives of the Youngstown Sheet and Tube Company.

The Youngstown meeting was followed by an extended conference with Dr. John Steelman, presidential assistant and one-time federal conciliator. They are believed to have discussed both the steel and coal strikes which are bringing mass layoffs in many sections of the country.

At the conference with Youngstown officials and at an earlier meeting with Bethlehem Steel company representatives reiterated industry's insistence that employees as well as management contribute to any welfare program.

Union Refuse

The union have refused to agree to add any employee contribution to industry's ten cent "package offer" on the grounds that workers payments would mean a cut in "take home" pay.

Officials of "Big Steel"—the U. S. Steel Corporation—are expected to join Bethlehem and Youngstown in holding the line against the demands of the CIO United Steelworkers.

WASHINGTON, Oct. 19.—(INS)—Secretary of State Acheson today reaffirmed United States support of Yugoslavia as a member of the United Nations security council.

This apparently represented a U. S.-British split, for the British foreign office indicated that it will vote for Yugoslavia's rival, Czechoslovakia, even though condemning pressure by Soviet Foreign Minister Vishinsky exerted in behalf of the Czechs.

Acheson, at his news conference, made sardonic reference to Vishinsky's assertion that the Yugoslav candidacy is illegal. The secretary of state said ironically that appar-

HARRISBURG, Oct. 19.—(INS)—Charles M. Morrison, secretary of the Commonwealth for three governors, has tendered his resignation to Gov. James H. Duff.

The resignation effective immediately, apparently was prompted by ill health. Morrison was admitted Sunday to Abington Memorial Hospital for a checkup. He has not enjoyed good health for several months. His home is in Ivyland, Bucks county.

New Castle Days  
Start Thursday

Startling, stupendous, sensational!

"New Castle Days" are that and more!

When forty merchants can get together and slash prices on their merchandise in order to pass on tremendous savings to Mr. and Mrs. John Public, that is really something. Feeling that New Castle is an unusual city and one in which we are proud to live, the mercantile leaders felt something unusual should be done.

Thursday, Friday and Saturday, October 20, 21 and 22 which have been designated as "New Castle Days," will find crowds in the downtown shopping area taking advantage of these bargains of new fall and winter merchandise.

Every participating and cooperating merchant, who will have the bold streamer "New Castle Days" branded across his windows promises to have the highest quality and best merchandise out where discriminating buyers can examine and buy, knowing that satisfaction will be found.

Employees of the Shenango Pottery have voted to retain the profit sharing plan instead of striking for a ten per cent increase in wages. This announcement was made today by Andy Pasquariello, president of Local 3125, United Steel Workers of America, CIO.

By a margin of almost two to one the union employees of the plant voted Tuesday to retain the profit sharing plan. The vote was: For profit sharing, 1006; for a strike for a ten per cent increase in wages, 523.

A total of 1756 employees were eligible to vote. Of this number, 1520 voted and one vote was voided.

Aircraft Reported Seen To Burn  
And Explode In Arkansas;  
Air Officials Puzzled

DERMOTT, Ark., Oct. 19.—(INS)—Reports that an unidentified "mystery plane" was seen to burn and explode in flight touched off today a three-day search by police and the Army Air Force.

The flaming aircraft was reported over the swampy woodlands near the junction of Arkansas, Louisiana and Mississippi state lines last night, but early search parties found no evidence to support the disaster stories.

Air Force officials at Barksdale Field, Shreveport, La., said no military aircraft were missing and that the commercial airlines also said no planes were unreported.

In Dallas, Tex., the Civil Aeronautics Authority said no military or commercial planes on flights from Dallas to Birmingham, Ala., or Little Rock, Ark., were missing.

'Pennsylvania  
Train' To Stop  
Here Thursday

Special "Pennsylvania  
Week" Train, And Nota-  
bles Arrive At 2 P. M.  
Thursday

MRS. LOUISE TRACY  
WILL BE HONORED

Hen—re-e-e-e! Henry Aldrich! And the answering cry is known to millions in the United States. "Coming, mother."

On Thursday Henry Aldrich is coming to New Castle, and between two and twenty will be at the West Side station of the Pennsylvania Railroad aboard the "Pennsylvania Train" which is touring the state.

Part Of Pennsylvania Week

Henry Aldrich in real life is Ezra Stone, a Pennsylvania who is a part of the Pennsylvania Week notables aboard the special Governor James H. Duff heads the list and with him are Secretary of Commerce Theodore Roosevelt 3rd, John Charles Thomas, noted concert baritone, Hedda Hopper, movie columnist, and the Westinghouse quartet.

John Charles Thomas was born in Meyersdale, Somerset county, while Hedda Hopper is a native of Altoona. Thomas had to make a hurried flight from the Pacific Coast to make the Pennsylvania train at Erie but made it and will be seen and heard in New Castle Thursday afternoon.

Arrives At 2 O'Clock

The "Pennsylvania Train" arrives in New Castle at 2 o'clock Thursday afternoon and will lay over at the West Side Station until 2:30.

Governor James H. Duff will speak as will Mr. Roosevelt, Mr. Thomas will sing and "Henry Aldrich" will talk. Featuring the half-hour program will be the presentation of the Pennsylvania Ambassador plaque to Mrs. Spencer Tracy, formerly Miss Louise Treadwell of New Castle.

The area around the West Side station will be cleared and there is room for thousands to see and hear the distinguished visitors.

Public schools will dismiss at noon in order to permit students to attend the Pennsylvania Week program.

Guatemala Flood  
Death Toll Rises

Estimate 300 To 1,000 Lives  
Lost In Widespread  
Floods In Guatemala

GUATEMALA CITY, Oct. 19.—(INS)—Widespread floods—described by the government as "a national disaster"—were reported today to have caused at least 300 and possibly as high as 1,000 deaths in Guatemala.

Torrential rains pouring into the Central American republic's rich agricultural belt were said to have rendered tens of thousands of persons homeless.

Survey teams from the United States Air Force base in the Canal Zone, and from Cuba, prepared to take off today to ascertain the extent of aid needed by the stricken country.

Twenty-six Americans, most of them tourists, were reported isolated by the flood waters. Fifteen were at Panajachel, at Lake Atitlan, and eleven at the town of Chichicastenango.

A U. S. Air Force amphibian plane left Panama with supplies, a physician, and H. Edward Russell, Red Cross disaster expert. The plane is expected to pick up the eleven persons at Chichicastenango.

Atlantic Storms  
Damage Ships

Gale-Force Winds And Heavy Seas Are Reported On North Atlantic Ocean

(By International News Service)

Gale-force winds and heavy seas over scattered areas of the north Atlantic hampered shipping today, after damaging three ships and contributing to the sinking of one.

The gravest accident occurred yesterday morning when the royal navy aircraft carrier Albion and the steamer Maystone collided off the northeast coast of England. The Maystone sank with a loss of 21 lives and the Albion sustained a gaping hole in its side.

At Southampton, the luxury liner Caronia was driven into a quay wall and had two plates bashed in.

## Strikes Wreckage

Off the coast of New Jersey, the French freighter Caen struck a piece of wreckage and broke her propeller. The coast guard cutter Campbell and the tug Marion Morgan were standing by, awaiting calmer weather to bring the help- less ship in.

The New York weather bureau said that the storm closest to the eastern seaboard was about 200 miles off the coast of New Jersey and Delaware. Although no longer of hurricane intensity, the storm buffeted that section of the ocean with winds up to 75 miles an hour, and vessels were finding the going rough.

Numerous New York-bound ships, including the Queen Elizabeth, the Nieuw Amsterdam and five army transports radioed that the rough seas would delay their arrival.

Mrs. Spencer Tracy Here  
For Plaque Presentation

Louise Treadwell came home to day.

The girl who left her native New Castle many years ago to attend dramatic school and enter the theater as a profession, came back to her home folks today and on Thursday will be awarded a plaque as New Castle's "Pennsylvania Ambassador."

Mrs. Spencer Tracy

For many years now she has been Mrs. Spencer Tracy, wife of one of America's great actors. The career Miss Treadwell envisioned as an actress came to an abrupt end when she met a young actor named Spencer Tracy in a stock company in White Plains, N. Y. Their marriage followed soon after.

The budding actress exchanged her "sock and buskin" for the housewife's apron and since then her interest in the theatre has been that of the wife of a star.

But although she resigned from a promising career as an actress, she has achieved nation-wide distinction in her work with deaf children. The John Tracy Clinic, on the campus of the University of Southern California, was founded by her and has been directed by her. It is for this humanitarian work that she has been chosen a "Pennsylvania Ambassador," a worthy choice in a field of distinguished Pennsylvanians.

Four Members Of Notorious Vir-

Murder Of District Jeweler

PITTSBURGH, Oct. 19.—(INS)—Four alleged Pittsburgh members of the notorious Virgil Toney gang were arrested yesterday in Pittsburgh in connection with the murder of a Hazelwood district jeweler and a series of robberies.

Police charged two South Side district men, John Dobranski, 38, and Felix Dugan, 36, with the fatal shooting of Joshua Lipman in his jewelry store July 10, 1948.

Both men had been free on bail while awaiting trial for alleged complicity in the \$29,000 A. M. Byers company payroll robbery May 7, 1948.

Defectives also picked up Michael Flaherty, 38, and accused him of armed robbery in the Byers holdup.

Patrick Leheny, 36, was arrested in connection with the \$10,000 Lerner's shop robbery last January in Pittsburgh, in which detectives claimed 39-year-old Virgil Toney was the trigger-man.

Toney and his brother, Claude, 25, were arrested last July after police foiled their attempt to rob a Pittsburgh market owner of \$15,000.

Congress Pushes  
Plan To Adjourn  
Session Tonight

Report No Adjournment—  
Delaying Fight Seen On  
Any Issues Today

ACTION TUESDAY  
ON MANY ISSUES

By WILLIAM THEIS  
(U. S. Staff Correspondent)

WASHINGTON, Oct. 19.—Congress, with an almost clean slate, rushed today toward a scheduled nightfall adjournment it should have reached two and one half months ago.

Of all the ponderous issues which plagued the first session of the 81st Congress, only the compromise farm bill, two presidential nominations and tag-end appropriations remained as major items to be approved.

Democratic leaders said there was no adjournment-delaying fight in any one of them.

## To End Session Tonight

Majority Leader Lucas (D) Ill., announced that the Senate would hold a night meeting "if necessary" to end this session tonight.

Under the Congressional reorganization law, Congress should have completed its work and gone home on July 31.

The Senate's logjam broke suddenly Tuesday when that body postponed until next January 20 action on the compromise "basing point" bill. This was accompanied by a House-Senate conference agreement on a compromise farm bill calling for 80 to 90 percent price supports.

Before most members knew what was happening, the Senate banged through and sent to the White House the 75-cent minimum wage bill, the 15½ billion dollar military appropriations bill, the rural telephone loan-development bill, legislation implementing the wheat agreement and a score of routine measures on its calendar.

Forecast Quick Agreement

A quick agreement was forecast in conference on the supplemental appropriation bill carrying the \$1,314,010,000 in cash and contract authority for the arms-aid program.

It was part of the overall appropriations picture for this session, which Sen. Ferguson (R) Mich., said included bills totalling \$50,951,449,997.28 in cash and contract authority. Of this staggering aggregate, the Senator who led the futile fight for economy this year explained that 46½ billions were in cash and 4½ billions in contract authorizations.

Ferguson and his colleagues tried to force a vote on the bill. (Continued on Page Two)

## Second U. P. Will Start Youth Work Today At Church

Report 68 Young People Registered For Courses In Bible At East Side Church

Rev. J. Calvin Rose, pastor of Second U. P. church, announced today that the youth program of the church will be officially launched this afternoon in the church. Some 68 boys and girls between the ages of 10 and 15 years will be present to take part in the program.

It is expected that others will be registering to take the special Bible courses which will be under the direction of Rev. Rose and Miss Jean Snodgrass, new youth director. Miss Blanche Davy will be in charge of the craft and recreation program.

In addition to Rev. Rose, Misses Snodgrass and Davy, four students from Westminster college, John Rocks, Percy Hall, Ruth Anderson and Nancy Shaw will assist in the youth program. The school will convene at 4:15 p. m. and after Bible study and crafts, dinner will be served to the boys and girls. The parents will prepare the food. Dismissal will be at 7:10 p. m.

An adult training program will be inaugurated this evening in connection with the church visitation work. The course will be on New Testament Evangelism by Arthur Archibald.

The pastor reported that after the youth program has been in progress for about two weeks, it will be opened to neighboring boys and girls who do not attend Second U. P.

The cabinet member also made these points: 1. Latest information received in Washington indicates that the Greek civil war is virtually over—although announcement by Greek guerrillas that they are ceasing activity must, he said, be viewed with some skepticism.

2. The United States has no information that Greek guerrillas who have taken refuge in Albania and Bulgaria have been disarmed, as claimed by the Soviet satellite states.

3. The state department believes that the foreign affairs record of the 81st congress has been very imposing but considers it regrettable that more has not been done for support of Communist-menaced Korea and in support of President Truman's "point four" program of aid to underdeveloped areas.

which Vandenberg termed "unfounded," he made this statement: "In the performance of my official responsibilities I wish to assure the American people that in the strategic bomber force, as it exists and as its development is planned, they have an instrument which can do the job assigned to it."

"I have considered the questions as to the capabilities of our strategic bombers and I have arrived at the clear conclusion that they can do the job. As the professional military head of the United States air force I so assure the country and so declare to the world, especially to our friends."

He urged the public to remember that "no bombing mission set in motion by the army air force in World War II was ever stopped short of its target by enemy opposition." He added:

### Task Is Not Clear

"The unsupported assertions that the task of the B-36 is impossible will not force me into the position of stating that it is easy. It is in fact difficult in the same sense that all military tasks in the face of the enemy are difficult."

Then he went on to assure the country that despite this the air force's strategic air command, under the leadership of Gen. Curtis LeMay, was prepared, should war come, to carry out its mission.

Answering navy charges that the B-36 could be detected by enemy radar, he destroyed by faster fighters and that "pinpoint" bombing by B-36's was not possible. Vandenberg said:

"Tactics and equipment designed during the last war by the air force to 'baffle' detecting systems" have been carried "much further by continued tests and developments."

"Bombing missions 'have always got through' despite attacks by fighters which fly faster and higher than bombers and the air force is spending a great deal of time in 'devising means to frustrate or defeat these attacks'."

"Constant improvement in visual and radar bombing methods establish to his satisfaction that 'necessary accuracy in high-level bombing' can be consistently attained."

Comprehensive Survey Of State Streams Planned To Determine Source Of Pollution

HARRISBURG, Oct. 20—(INS)—The State Department of Health said today a comprehensive survey of all state streams to determine sources of pollution will be conducted.

The work, under the supervision of the Bureau of Engineering, will be carried out by a specially organized unit, financed by a \$10,000 Federal government appropriation. An additional \$24,000 has been allotted to the State from funds set up by Congress under the Federal Anti-Pollution law for the purpose of scientific study of polluted waters.

The survey will establish conclusively all sources of pollution to facilitate the clean stream program now underway in Pennsylvania, the department said.

## MRS. TRACY HERE FOR PRESENTATION

(Continued from Page One)

living room of her uncle and aunt, Mr. and Mrs. James Tolles Ray, of 133 East Wallace avenue.

"I am deeply grateful of course," said she, "so much so that I find it difficult to express myself in terms that would give you an idea how much I appreciate it."

"The work we are doing in California with the deaf children we believe is important. Through it we have aided many boys and girls to the point where they can learn speech and language. But to have the home folks name me as a 'Pennsylvania Ambassador' is something of which I never dreamed. I shall always be grateful to the people of my native city."

Mrs. Tracy spoke today at noon before a joint luncheon of service clubs sponsored by the Kiwanis club. Tonight at 7:45 she addresses

a public meeting in First Presbyterian church. She will be introduced by City Solicitor Robert M. White. Special music will be presented by Garth Edmundson.

Mr. and Mrs. Tracy are the parents of two children, John, who is an art student, and Susie, who is a university student.

Mrs. Tracy is the daughter of Mr. and Mrs. Allen W. Treadwell and is a granddaughter of the late Mr. and Mrs. George E. Treadwell. George E. Treadwell settled in New Castle shortly after the Civil War and engaged in the practice of law here. He was the founder of The New Castle News.

### CHILD INJURED

Ophelia Cox, aged three years, 23 South Front street, was treated at the Jameson Memorial hospital at 4:45 p. m. Tuesday for a laceration of the hand, received when the pane of glass in a door was broken.

## Few Patrons Choose To Hold Home Funeral Services

The Boyd organization is able and equipped to hold services in the family home, a church or our Home for Funerals. That choice rests entirely with the family we are serving.

However, most patrons prefer to hold the services in our Home for Funerals. They like the cheerful home-like surroundings as well as the Hammond organ. And they find that it costs no more to hold the services here.

## MARRIAGE OF LOCAL COUPLE ANNOUNCED

Mr. and Mrs. W. N. Tribby, 839 Vogan avenue, announce the marriage of their daughter, Jean, to Floyd Gray Kelley, son of Mr. and Mrs. Floyd E. Kelley, 346 East Washington street.

The quiet but impressive single ring ceremony was solemnized on Saturday afternoon, October 15, at 3:30 o'clock in the Christian Congregational church in Winchester, Va. Rev. Robert A. Whitten, pastor of the church, officiated at the exchange of vows.

The bride wore a teal blue dress with brown accessories and a shoulder corsage of orchids. The couple was unattended.

Following a brief wedding trip through Maryland and Virginia, Mr. and Mrs. Floyd Gray Kelley are residing for the present at the home of the bride's parents.

## MRS. S. G. STAATS GIVES BOOK REVIEW

Members of the Patterson auxiliary of First Presbyterian church enjoyed their yearly dinner Tuesday evening at the New Penn hotel.

After a tasty meal was served, Mrs. Samuel G. Staats gave an excellent review of Joe David Brown's book, "Three Stars in A Crown." Devotions were led by Mrs. Merl Brunton.

Next assembly will take place Tuesday evening, November 15. Arrangements for the evening were in charge of Mrs. Benjamin Wise and her committee.

## W. B. A. Review 98

## S. D. Fullertons Observe Golden Wedding Tuesday

MR. AND MRS. S. D. FULLERTON

Tuesday, October 18, will long remain as a red letter day in the lives of Mr. and Mrs. Samuel D. Fullerton, of Enon Valley, R. D. 2, as it was on that day that their children entertained at an informal reception in honor of their golden wedding anniversary. Friends, relatives and neighbors, numbering 250 were received at the Fullerton home in the afternoon and evening.

Tapers and mums in the gold and white theme were used in decorating the attractive table, where tasty refreshments were served. Mrs. J. W. Fullerton, Mrs. John Service, Mrs. John Wallace, Miss Marie McCurley, Miss Alice Curley and Miss Thelma Myers, Curley poured. Mrs. Seldon Byers, Mrs. Milton Cameron, Miss Doris Gilmore and Miss Jean McCreary served as aides.

Mr. and Mrs. John Benson of Mahoningtown, R. D. 7, entertained those who attended the wedding 50 years ago, and a few close friends at a tempting dinner in their home at 5:30 o'clock Tuesday evening. Mrs. Benson was aided in serving by her sisters and Miss Anna Benson. A booklet, containing the wedding picture and a late picture of the honored couple, marked each place as a favor.

Mr. and Mrs. Fullerton were remembered with a number of lovely gifts as mementoes of the delightful occasion.

Miss Lillian Martin became the bride of Samuel Fullerton at the home of her parents, Mr. and Mrs. G. A. Martin, of North Beaver township, October 18, 1899, with Rev. F. A. Cozad, of the Presbyterian church at Petersburg, O., officiating. After their marriage, the couple moved to the farm, where they resided ever since.

Mr. and Mrs. Fullerton are the parents of Mrs. T. E. McCreary, Miss Margaret Fullerton, Mrs. John Benson, Mrs. Frank Sowash, Mrs. Howard Aiken and Guy Fullerton. There are nine grandchildren and two great-grandchildren in the family.

The double ring ceremony was solemnized on Saturday, Oct. 15, at 10:30 a. m. in St. Mary's Cathedral, San Francisco, Calif. by the Rev. Fr. J. Lally. Mr. and Mrs. Frank George of Oakland, Calif., formerly of New Castle, attended the couple. The bride wore a crepe paprika colored dress complemented by navy accessories and a white orchid shoulder corsage. A wedding breakfast followed the ceremony and the couple left for a week's honeymoon in Carmel, Calif.

Mrs. Cherol is a graduate of New Castle high school and was formerly employed in the business office of the Bell Telephone company. Her husband is also a graduate of the local high school and is employed as an industrial engineer for the General Electric company in San Francisco, Calif.

After a brief honeymoon, Mr. and Mrs. James W. Cherol will reside in San Francisco.

**PITTOCHI-BONFIELD ENGAGEMENT TOLD**  
Mrs. Andrew Bloise, 715 Carlisle street, announces the engagement of her sister, Miss Bernice Pittochi, 225 South Cedar street, to Sam Bonfield, son of Mr. and Mrs. Nunzio Bonfield, 401 North Cascade street.

The engagement was revealed at a birthday party held for Miss Pittochi on Oct. 15. Wedding plans have not been completed.

Both of the young people are graduates of New Castle high school and are employed by the Shenango Pottery company.

**B. D. W. Club**  
Members of the B. D. W. club met at the home of Mrs. David G. Matthews, 416 Pine street, recently.

Five hundred was enjoyed, with honors going to Mrs. Thomas Grant and Mrs. Luther Shaffer. An election of officers will be featured at the next meeting, to be held at the home of Mrs. John Kaufman, 1227 East Washington street, November 27.

## CHURCH GUILD HAS ANNIVERSARY DINNER

Livingstone Guild of Central Christian church held a dinner Tuesday evening in observance of their thirty fifth anniversary. Mrs. Thomas Evans entertained the guests at her home on Edgewood avenue.

Twenty two guests were served a delicious roast turkey dinner with all the trimmings at a table beautifully appointed with fall flowers. Fresh floral corsages marked each place setting. Seven charter members were in attendance, each receiving a rosebud.

Mrs. I. Davis presided over the business meeting and Miss Laura Bell was in charge of the devotional period, her interesting topic being "Beauty". Subject of Mrs. Anna Garsney's address was "Missionary Travels".

At this time the group having the most members present at each meeting throughout the year received a gift. Mrs. Bessie Sonntag will be hostess at the next meeting.

## GOLDEN WEDDING FOR CASTLEWOOD COUPLE

Mr. and Mrs. Samuel Neak of Castlewood celebrated their 50th wedding anniversary Oct. 15 at the home of their youngest child, Mrs. E. Guy Di Rito of Avalon. The golden motif was carried out in the table centerpiece of chrysanthemums and a beautiful decorated cake. After a delicious family dinner, hours were spent in reminiscing of the "good old days".

The Neaks were married in England and came to the United States in 1910. Their family consists of one son and four daughters. Two of the daughters live locally—Mrs. Lily Nelson of Castlewood and Mrs. Loy E. Hogue of Ellwood City. The family roster has been increased by twenty-one grandchildren and six great-grandchildren.

## FAMILY DINNER TO BE HELD AT CLUB

A family dinner will be held for members and families of the New Castle Country club this evening. The event will be held at the country club with games and contests featuring the entertainment.

## E. L. V. Club

E. L. V. club associates plan a halloween party to be held October 27 at the home of Mrs. Jesse Dufford, East Washington street. At their meeting on a recent afternoon, at the Elks' club, three tables of cards were in play, with prizes going to Mrs. Jack Davis, Mrs. Lewis Nelson and Mrs. Carl Wallace.

## GIERLACH-WOLANSKI WEDDING ANNOUNCED

Announcement has been made of the marriage of Miss Jennie M. Gierlach, daughter of Mr. and Mrs. Joseph Gierlach, R. D. 5, to Edward C. Wolanski, son of Mr. and Mrs. Joseph Wolanski, Pollock avenue.

The ceremony was solemnized in the Holy Trinity Polish Catholic church on Sept. 10 with Rev. Fr. Edward Kuzminski officiating.

Marjorie Pearce attended the bride as maid of honor. Bridesmaids were Misses Mary Ann Gibson and Mary Pearce and Mrs. Ruth Koslowski, the latter a sister of the groom.

Stanley Puzia was best man, and ushers were Raymond Seinow, Ted Cwynar and Michael Koslowski. The bride couple spent their honeymoon in Niagara Falls. They are now residing with the bride's parents at R. D. 5.

Mrs. Wolanski is a graduate of

New Castle high school and is employed by the Bell Telephone company. Her husband is a New Castle high school graduate and a veteran of World War II. At present he is attending Youngstown college.

## Gillespie Reunion

A reunion of the descendants of Thomas and Catherine Gillespie was held in the form of a wiener roast at the home of Mr. and Mrs. Webb Weisbaker, of Gardner Stop, with 94 members attending.

The following officers were elected: president, Edward Bevan; vice president, Bill Davis; secretary, Mrs. Edward Bevan; and treasurer, Mrs. Carl Mallory.

The next reunion will be held the second Sunday in September at the same location.

The sports committee consists of Mr. and Mrs. Karl Zikeli, Mr. and Mrs. Bill Davis and Mr. and Mrs. George Davis.

### NATION'S STRENGTH

This quarrel between the armed services in Washington is bringing the inevitable charge that the feud is weakening the nation's defenses. If this is true, America will gain strength only by the opposite of quarrel, which is a disciplined unity.

In a completely disciplined state those who start a quarrel soon lose their liberty or their lives.

The history of the United States has been one long series of quarrels between its citizens. It has been suggested that the framers of the Constitution must have had their tongues in their cheeks when they inserted that phrase in the preamble about insuring "domestic tranquillity."

The nation's systems of checks and balances inspires those held to spout off with great fervor. That is what the Navy boys are doing today.

Does this custom weaken America? Not noticeably. When a crisis comes quarrels are forgotten and unity of a type that is more effective than disciplined goose-stepping takes over.

Americans have become the world's most vigorous people because of the great system of freedom under which they have lived. Criticism can be stifled if Americans are willing to surrender their liberties. It will be an evil day when that occurs.

### WHO EATS THE MOST MEAT?

The U. S. Department of Agriculture has issued some interesting figures on meat consumption throughout the world. They show that the United States leads most of the other nations, but that it is still a long way from the top.

In 1948, the average American ate 146 pounds of meat. By comparison, Canadian consumption averaged 129 pounds, British came to 84 pounds, and France worked out to 75 pounds. The Department's report did not give statistics for the Soviet Union, and they are probably not available. Indications are that the average Russian sees very little meat in the course of a year, due to a rigidly controlled economy which keeps his living standards at the subsistence level.

On the other hand, average meat consumption in Australia was 204 pounds, and in New Zealand it was 222—both these countries have great sheep industries. And in Argentina, whose economy is largely based on beef cattle, the peak was reached with an average of 204 pounds.

This year, it is now estimated, our meat supply may be as much as 700,000,000 pounds greater than the 1948 figure, or an increase of more than three per cent. Reports from the agricultural regions indicate that farmers are showing great interest in increasing their output. That is a logical development—meat is agriculture's largest source of cash income, and it can be produced on a small or large scale under almost any climatic or soil conditions. More meat seems to be on the way.

### NOOSE AROUND FREEDOM

Argentina's new constitution pays lip service to freedom of the press, but it contains a provision that makes a mockery of such freedom. The press in Argentina is forbidden to embarrass the government or offend any public official by criticizing him.

One of the best ways to stifle freedom of the press is to enact such a provision. This has been known for so long that many states in this country specifically give the press constitutional freedom to criticize public officials. Such provisions merely affirm the United States Constitution.

Thomas Erskine, defending Thomas Paine on a libel charge in a British court, argued that this freedom to examine and detect errors in government "has alone made our government what it is; this freedom alone can preserve it."

And so, through the history of the struggle for the freedom of the press, great minds have maintained that no man is wise enough to judge himself and his acts before the people; that he must always be subject to criticism by the press, however sincerely he may believe he is right and the press wrong.

All students of a free press know the famous viewpoint expressed by Thomas Jefferson to the effect that if he had a choice between government without free newspapers or free newspapers without government, he'd prefer the latter.

Freedom of the press in Argentina is effectively stifled by the provision that there shall be a free press, but that there shall be no criticism of public officials and that nothing shall be published to embarrass the government.

That word "but" effectively puts the noose around the neck of freedom of the press.

Sociologist who said civilization will last for 30,000 years didn't say when it will start.

A perfume has been extracted from coffee. Whether it keeps the smell awake isn't revealed.

British Tories suggest that the English people work harder. And risk a reduction in United States "loans?"

## In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

Seemingly incongruous dispatches from Hong Kong tell today of banquets, dances and tea parties staged by unruffled British residents of the fabulous crown colony.

Only a few miles away, victorious communist troops are shooting off firecrackers to celebrate their conquest of Canton and points south and have moved up to border stations on the Chinese side of Hong Kong's frontier.

The descriptions recall inevitably the on-going attitude of Singapore under the guns of Japanese invaders in 1942.

Heavy British infantry, artillery and air force reinforcements were sent long ago to Hong Kong.

### Garrison Strengthened

The naval garrison has been strengthened greatly and the government of Prime Minister Attlee is on record with frequent declaration that the colony will be defended at all costs. There probably will be no request for aid from the United States.

British hostesses at Hong Kong are filling out men-short party lists with garrison officers.

But the male civilians are proceeding with maintenance of a strong volunteer defense force. And for the present at least it does not seem likely that the example of Singapore will be repeated.

Yet the similarities are obvious, and frightening. Parties at the Raffles hotel in Singapore continued almost up to the moment of the city's surrender. And when the Japanese surged in only seven days after they had conquered Malaya and encountered the city's so-called "impenetrable defense," it was a matter of only seven days.

And as British throughout the world wept and beat their breasts, Japanese occupation officials proceeded methodically with the task of eliminating the historic name Singapore and replacing it with "Shonan" and the British beat a hasty retreat.

### Provided Challenge

The disaster of Singapore provided a challenge to the British empire that was heeded in successive stages of the Pacific war which at last saw Japan driven into abject defeat.

Winston Churchill, dismayed and shocked to the core, spoke for Britain at the time when he said:

"This is a heavy and far-reaching military defeat."

### WINNING A TOT'S COOPERATION

Let us see how the discerning mother may develop rich resources for winning the child's cooperation. Beginning even before the baby can talk, she cuddles him tenderly as she cares for him, talks to him about what she is doing for him, says rhymes to him, gives him pats, smiles, and tender words of approval for the little ways in which he, later, helps feed or dress himself or cooperates on the nursery chair. She thanks him smilingly when he hands her some small object he finds on the floor. She enjoys his babbles and his later use of words. As soon as he can gesture or speak a question, she answers it kindly. She never makes him feel at the age of two, five, fourteen, or later, that anything he asks or says seriously—and he practically always is very serious—is unworthy of her consideration and honest response. She, therefore, never makes him have to feel afraid of being ridiculed.

### Yarns Of Fancy

Such a mother or grandmother enjoys the toddler's yarns of fancy. Some of them she writes down as he creates them. She dramatizes, she responds as he wishes her to respond and plays the parts which he assigns to her. She drinks imaginary tea which he serves her from a real or imaginary cup. She reacts to his imaginary friends and creatures as if they were real. She never forces him to think he has been lying through his imaginary way, when for him he has never before been nearer to the truth.

She knows he will have no trouble by and by from confusing fact and fancy. She knows that if he handles tools and makes real things and plays normally with other children of his age, all these matters will clear up for him. In the meanwhile, she what fun he has had, what companionship with others, and what a mine of materials he has had to talk about and think about. See, moreover, what a storehouse of resources for agreeable companionship she has helped him pile up for her and him to draw upon for months and years to come.

### Creative Ways

This parent or grandparent stimulates the tot's imagination not only through appreciation of all his creative ways and products, but also through telling and reading to him, especially from folk-lore. In doing so, she builds in him a companionable, cooperative relationship, fires his imagination, enriches his speech, gives him more to talk about and think about with other persons, and also cultivates in him good habits of concentration and persistence. He has gained an early lasting love of good books and reading.

My bulletins, "Now Come the Fairies" and "Books From Which to Read to the Baby and Young Child" may be had by sending a stamped, self-addressed envelope and your request to me at 235 East 45th Street, New York, N. Y.

But he stressed that at the time—it was February of 1942 and Pearl Harbor already was history—"The United States is now firmly and wholeheartedly in the war with us. I cannot believe there is any other fact in the whole world which can compare with that."

"That is what I have dreamed of, aimed at and worked for and now is has come to pass."

"Let us move steadfastly together into the storm and through the storm."

### Would Be Costly

There seems little doubt that a communist attempt to seize Hong Kong would be a costly undertaking for them.

In addition, it might embrace a terrific blow for communist prestige as the situation there is considerably different either from that prevailing in Shanghai, Canton, Peiping or other cities where the reds have gained notable successes.

Hong Kong simply is not China. It is a British outpost of empire and recognized as such by civilized nations throughout the world. Communist seizure of other cities on the mainland can be disguised, with questionable success, as popular movements representing the desire of the common people to turn against the nationalism of Generalissimo Chiang Kai-shek and his Kuomintang.

An offensive against Hong Kong, on the other hand, would be clear aggression against a foreign "protector," ill-timed indeed if the new China hopes to find a place on the United Nations general assembly and take its part in support of the Soviet bloc.

It would be highly interesting to know what messages are being flashed by the Kremlin today to Chinese communist leader Mao Tse-tung.

Whatever they are, they form the key to current events for the next few weeks or months.

WISDOM AND KNOWLEDGE  
He who still carries laughter for a jest,

Patience and pity for another's sighs  
Has of life's stock of wisdom what seems best.

Though men deny it, God may call him wise.

He who knows sorrow and has learned the way  
To bear and share it, comfort and sustain,

God may consider wiser than are they  
Who from the books their only knowledge gain.

Figures and facts that fill the printed page,  
Maxims and forms of knowledge are but part.

God may pass by logician, scholar, sage  
To place him first who knows the human heart.

### Folks Of Fame

Alfred Wallenstein was born in Chicago, Oct. 7, 1898. He studied in the public schools, and at nine began playing the cello in public. He made concert tours through Europe, South and North America and was solo cellist with the Chicago symphony orchestra. He has made many recordings with his cello. He is now conductor and musical director of the Los Angeles Philharmonic orchestra.

Hans Christian Anderson was born in Odense, Denmark, April 2, 1805, and most of his life he was very poor. He went to Copenhagen to seek his fortune in 1819. There the director of the Royal theater became interested in him and sent him to school. Even before this, however, he published his first book, *The Ghost of Palnatoke's Grave*. He wrote a novel, *The Improvisator*, which was his first success, and the same year he published the first instalment of his *Fairy Tales*. *The Ugly Duckling*, *Ole Shuteye*, *The Chimney Sweep* and *The Shepherdess* are among children's favorites today. He died on Aug. 4, 1875.

## From Me To You

By MESEEA

It is our sincere hope that many people take advantage of the many events that will take place here in New Castle Thursday . . . tomorrow . . . starting at nine thirty . . . the merchants of the town will open their stores for the start of a three day sale event . . . then at 10 the industrial plants will open their doors for a day of Open House . . . shopping and visiting will occupy the morning hours . . . this will permit all students to visit plants and at two o'clock see the Special Pennsylvania Week Train at the West Side Station of the Pennsylvania Railroad.

A half hour program will be presented by famous people . . . at the train . . . Governor Duff will present Mrs. Tracy with the beautiful Pennsylvania Ambassador symbol . . . Ezra Stone of Henry Aldrich fame will say a few words . . . as will other famous people from the Commonwealth and far away places. The train itself will be well worth seeing . . . all equipment used will be Pennsylvania manufactured.

With all this big time going on . . . there is a little job that none of us can afford to neglect . . . it won't take much of your time and if you properly plan the job it won't take much of your cash at any one time . . . if we all Give Enough for the Community Chest the local agencies that depend on the chest for financial support will do alright . . . and if they do alright then the community, which is you and I . . . will do alright.

Maybe the reason that you haven't given ENOUGH before is because you didn't know the whole story . . . surely now, after the Come and See tours of the agencies . . . and the complete articles that appeared in THE NEWS during the past months . . . you can honestly Give Enough to this year's Chest.

## Washington Calling

(By Marquis Childs)

### Communism Completely Rejected

(Marquis Childs, noted Washington columnist and commentator on international affairs, is in Norway on the first leg of an extensive European tour to study and appraise news trends, both political and economic. His analyses and impressions will be reflected in his daily column, of which this is the first.)

OSLO, Norway, Oct. 19.—Once again there is dramatic proof that Communism cannot win free elections in a free democracy.

In the election just held here the Norwegian people have completely rejected Communism. It is one of the most striking demonstrations since the end of the war of the failure of the Communist party to win adherents in an open contest, with the right to use every device of press and radio to appeal to the people.

The number of Communists in Parliament was reduced from 11 to one. Even allowing for Norway's system of representation, which penalizes cities in favor of small communities, it is a remarkable outcome in a country with a long tradition of radicalism. Pray, undauntedly will scream about American imperialism and the bloody oppression of American Cossacks. But vital factor in holding the economic line, this was in no sense a bought vote. Norwegians are far too independent for that.

The rejection of Communism here came as a result of the Communist coup in Czechoslovakia and the gradual realization of what it has meant for Norway and every other free country. Up until the Czechoslovak tragedy the belief

## One Man's Opinion

By Walter Kiernan  
(By International News Service)

William Z. Foster is feeling no better since the Communist trial ended . . . in fact he is complaining that the verdict put his ulcers in double jeopardy.

But there's one good post-script. Foster says the Communists definitely will not go underground and that should free 3,000 seats in the subway in New York.

Come to think of it . . . between Foster and Lewis hardly anybody is going underground these days. Some say some miners are a little dissatisfied with Mr. Lewis but he still stands high in affection of the oil burner salesmen.

Steel is a different story . . . no one has yet found a way to substitute tinker toys for steel in permanent construction.

There is a possibility that Mr. Truman may have to use the Taft-Hartley act in some of these disputes but it should be understood in advance that he will turn to the law as a last resort.

## Try And Stop Me

By BENNETT CERF

In "I'm a Busybody," author Carl Glick describes some of the amusing experiences that befell him when he poked his head into other people's affairs. One day on a side street, for instance, he saw a heavily-rugged, over-dressed hard-acted man of sixty or thereabouts walk determinedly up to a deserted, boarded-up brown-stone house, extract an empty champagne bottle from a paper bag he was carrying, and smash said bottle on the steps of the house.

Mr. Glick lost no time in rushing over to her and asking for an explanation of this unusual rite. The lady answered soberly, "I lived in this house when I was a young girl. It's gone to pot and I've decided to tear it down. I've decided, 'By the way, nerfs to you, too.'"

## American Cabinet Crisis

(By Holmes Alexander)

WASHINGTON, D. C., Oct. 19.—Defense Secretary Johnson must feel a little annoyed these days over the ironies of political life. He was appointed to accomplish two main purposes within his Department—economy and unification. Yet these very things—his economy and unification measures—are being flung at him in the form of bitter accusation.

The nature of the accusation is now pretty well crystallized within the House Armed Services Committee which has been airing the Defense Department's family squabbles.

Chairman Vinson (D., Ga.) represents one bloc of opinion which is indignant over Johnson's spectacular slashing of expenditures. Vinson has called the Secretary's money-saving a "grandstand play". Other committeemen of the same persuasion are muttering that Johnson has defied the will of Congress by spending less than Congress has authorized.

### Presidential Election Coming Up

Unspoken but loudly implied in these wrathful charges is the hint that Johnson knows there's a presidential election coming up in 1952. In the background there is also the knowledge that Johnson is probably Mr. Truman's favorite Cabinet member and that the Secretary hasn't been a bit bashful about publicizing his economy cuts. Congressmen, who run for office every two years, think they know a candidate when they see one. What's more, if economizing is to be done, they want to do it themselves and take the credit.

Then there's Congressman Cole (R., N. Y.), another committee member who seems haunted with the dread that the original unification, the "general staff philosophy" Cole says that the original unification act of 1947 was based on cooperation, consultation and teamwork between the services. The amendments passed earlier this year, says Cole, have changed the act into one of dictation and domination.

### On Much Lower Level

The implication here is on a much lower level than in the Vinson charges. When Cole uses the term "general staff philosophy," he is calling up the shades of Bismarck, Hindenburg and Hitler, men who really did lord it over their armed forces. Cole would have us think that Louis Johnson is setting himself up as an Iron Chancellor or Der Fuehrer of the United States military services.

Taken together, the Vinson-Cole criticisms have created a Cabinet crisis rather new in American politics. At no point is Johnson being accused of failing to do his duty as prescribed by law. The trouble seems to be that he has done his duty up to the hilt, and even beyond. By economizing and by forcing unification upon the Navy he raised the question—"What's a Defense Secretary for?"

For if Vinson is right, the Secretary isn't supposed to exercise much judgment in the handling of his departmental budget. He's supposed to take the money Congress gives him and spend it pretty much as planned. No discretion is allowed for the firing of useless employees or the scrapping of unwise projects. Should a new Secretary, as Johnson still is, discover deadwood in the Department, he must let it lie there until Congress sends for the trash wagon.

### Toothless Unification Law

And if Cole is right, he should go back to the toothless unification law which drove James Forrestal to his shocking death. We must bust the Secretary back to the rank of a mere coordinator with no say-so in the quarrels between his service chiefs. If Cole is right, then Johnson's stated intention to accomplish unification by "cracking a few heads together" is the wrong way to get things done. The Defense Secretary is allowed to unify only if the service chiefs agree to unify.

This sort of Cabinet crisis could easily put skids under a less determined man than Johnson. He not only intends to make unification work, but he intends to make it work his own way. The idea that he isn't likely to get mad at him for saving money. The notion that he wants to be boss of his own Department, a place where a boss is clearly needed and is provided by law.

Yet it would be wrong to suppose that the congressional hearings have been either injurious or useless to the cause of unification. Loud howls of anguish and anger have been forthcoming, particularly from the Navy. But they are the howls of growing pains, not of death throes. And Johnson, who knows that, will see the Cabinet crisis through.

## Looking At Life

By ERICH BRANDEIS

Do you remember Gertrude Ederle, the girl who swam the English Channel in August, 1926, in 14 hours and 34 minutes and whose record is still unbroken for her sex?

I had a little chat with Gertrude yesterday, and I came away with the happy conviction that even in these days of ballyhoo and drum-beating, there is still real sportsmanship in this world.

For a while Gertrude Ederle was a heroine.

She had all sorts of offers and could have made a lot of money—almost as much as other members of her sex who nowadays cash in on not swimming the channel.

"Why didn't you take advantage of your opportunities?" I asked her.

Her answer was what restored my sometimes waning opinion of human nature.

"Well, you see," she said, "to me swimming that Channel was sport, not business."

"It was a challenge, a chance to do something outside of the ordinary field for which I knew I was fitted."

"When I made that record—and I could have done even better if there hadn't been so much of a storm that day—I was satisfied."

"I had done what I set out to do. That's all I wanted. I never believed in making a business out of a sport."

Now I am going to tell you something which Gertrude might be very angry at me. I am printing it without her permission. But I'll take a chance.

After she came back from her successful swim, a promoter approached her.

He offered her an amount of money which would have meant a fortune to her, to enter in a fake swimming contest which was to promote a certain amusement enterprise.

Her competitors were to be a bunch of bathing beauties.

The thing was wonderful publicity and would have made a lot of swell stories and pictures.

"And you can't lose," said the promoter. "We'll see to that."

Gertrude just said "No, thanks," and walked away.

The contest never came off.

Gertrude Ederle is now in her forties. She is working hard for a living. I believe she is a dress-maker or something like that.

But is she sorry that she didn't cash in?

"No," she said, "to me sport is still sport. And I still get a lot of fun out of my memories of that swim and all the excitement of that year."

"After all, you can lose money. But they can't take your memories away from you."

I have been trying to think of a moral with which to end this tale.

But it really isn't necessary. Gertrude Ederle herself is the moral.

NEW YORK.—Roger Lapham, former ECA chief for China: "I give Chiang Kai-Shek plenty of credit for what he has done over the last 20 years—not selling out to the Japanese during the war, and fighting Communism. ## Eighty-Eight Try For Licenses At Armory Tuesday

State Police Pass 68 Candidates  
While 20 Fail During Exam-  
inations At Armory

Only 20 failures were recorded at the Cunningham Armory on Tuesday during the drivers examinations given there by Pennsylvania motor police. The number represents 22 1/2 per cent of the applicants, an unusually low percentage which has been averaging 45 to 50 per cent over the past few weeks.

Of the total of 88 candidates who applied for the right to drive in commonwealth, 68 were granted operators privileges. A surprisingly large group of out of town applicants were among those who took the tests on Tuesday.

As usual, varied reasons were given by the officers for failing the 20 applicants. One applicant was not in proper physical condition to take the test, others knew too little of the motor code while a larger number failed the actual driving portion of the exam. Mechanical defects in their cars were responsible for some being turned away.

To be certain of being examined next Tuesday, motorists should be in line no later than 3:30 o'clock as the officers leave the armory at 4 p. m. promptly. The officers from the Butler barracks start giving the tests at 9 a. m.

Candidates who made the grade Tuesday include:

### Seventh Ward Ward Civic Club Has Meeting On Tuesday

#### Committee Plans Halloween Parade October 31. Progress Made For Christmas Program

Shortly after noon Tuesday, members of the Seventh Ward Civic Club gathered at their headquarters, with E. N. Ubry presiding.

At the business session it was reported by Manning Weller, general chairman, that arrangements for the Christmas lighting and program, were progressing satisfactorily. Regarding the proposed Halloween event, the advisability of securing the services of additional bands to Mahoning school band for the parade, was discussed. The tentative date for the occasion is Monday evening, October 31.

The committee in charge, Alfred Hyde, Fred McLure and E. N. Ubry, will make a full report at next meeting, Tuesday, October 25.

### Report Theft At Columbus Society

Three dollars in change was stolen from the Columbus Society, 7 South Liberty street some time after closing hours this morning, according to Rocco Fazio, bartender who was summoned to the society after Patrolman Nick Cubellis found the place had been burglarized.

At 5:35 a.m. Patrolman Cubellis discovered a window open. An investigation revealed the theft. The burglar left a shoe print, size number 7, upon a chair, upon which he stood to crawl through the window in departing from the building.

### Women's Group Has Missionary Program

Members of the Young Women's Missionary society of Mt. Jackson U. P. church, assembled on Tuesday evening, in the church. Mrs. Dorothy Mackie led the devotional period.

Mrs. Angie McDowell had charge of the program, with the following taking part, "Pioneering, New Style", by Mrs. Betty Crawford; "Guide Posts", Mrs. Catherine Wilson; playlet, "Happy In Thank Offering", Mary Andrews and Mrs. Janet Hodge.

The hostesses, Mrs. Doris Meador, Mrs. Hazel Jones, and Mrs. Mildred Crea served a tasty lunch.

Mrs. Alice Tindall was in charge of the business session.

Next meeting of the group, Tuesday evening, November 15, at the church.

## Phone Company Heads Meet Here

Representatives Of Independent Companies In Western Part Of State Gather

### ANNUAL SESSION IS HELD TUESDAY

More than 90 representatives of Independent Telephone Companies in Pennsylvania attended the annual fall meeting of the Western Division of the Pennsylvania Independent Telephone Association in The Castleton hotel Tuesday.

A. S. Watson, president of the Division, presided at the session and was also toastmaster at the annual luncheon. Departmental conferences were held at which various telephone operating problems were discussed.

The delegates were greeted by Samuel E. Phillips, General Commercial Manager of The Bell Telephone Company of Pennsylvania.

**Bell Manager Speaks**  
Principal speaker at the luncheon was John C. Longstrech, vice president and general manager of the Bell Company, who spoke on "Changing Trends" and emphasized the increasingly important part the United States now plays in world affairs.

"Today we find most countries throughout the world looking to us for leadership and financial assistance," he said. "And as a result of this new position of ours in world affairs, business conditions in this country reflect the world-wide economic situation to an extent that we have never before experienced."

"In the first postwar years, many businesses and most individuals enjoyed the greatest period of prosperity they had ever known. Through these years, with business booming it seemed inevitable that sooner or later supply would catch up with demand and the inflationary factors in the wage level-price level relationship would require some adjustment."

"The continued predictions and warnings of our economists finally became a reality in 1949 and business volumes have definitely fallen off this year."

He called for a continuance and strengthening of the American "Free Enterprise" system, which, he said, is the envy of peoples everywhere and has given our country the highest living standards ever known.

**THANKS HIMSELF**  
KNOXVILLE, Tenn. — Ray Haun of the Neuberts community had no one but himself to thank for a Criminal Court jury's decision to acquit him of a charge of stealing an ax, clock and radio from a neighbor's home. Haun acted as his own lawyer, beating Asst. Atty. Gen. Carl Greenwell.

In England, a radio receiver license costs approximately \$4 per year while that for television is just double.

## Health Talks

By DR. W. A. WOMER  
City Health Superintendent

### SOAP AND FOOD

Although soap is not very good to eat, it has its uses. It is a comparatively recent invention.

Doctors tell us that people have longer lives and better health than formerly. Perhaps soap has had something to do with it.

Cleanliness seems to help. Dirt and bugs and lice and germs and disease seem to go together.

Good food seems to help people to be healthy too. People need fruit and vegetables and milk and meat and cheese and bread and eggs.

Soap and food cost a lot of money these days. When Mom goes to the store and gets a paper bag full of soap and eats, she wonders where her money has gone. Perhaps high prices tend to make people more interested in quality of things.

Maybe Mom will learn about calories and food values.

### Highland Women Observe Study Day

Session Conducted Tuesday For Missionary Societies At U.P. Church

"Learn of Me" was the theme of Mission Study Day, observed Tuesday by members of five missionary societies in Highland United Presbyterian church. Mrs. Howard Gardner, acting president of the missionary cabinet and president of the Baird society, presided.

The morning session opened with devotions being led by Mrs. Robert Mills of the McGill group. Mrs. Frank Fehl, of the Baird society, reviewed Alison Jess Smith's book, "Brother Van." Mrs. Carl Paisley, of the Women's Missionary society, offered the noon-time prayer.

Members of the Naomi circle served a tasty luncheon at colorful tables, decorated in three themes, that of vegetables, flowers and modes of travel. As each woman entered the dining room, she was given a place card, corresponding to one of the themes, and was seated at that particular table.

Mrs. W. W. Hayford, and Mrs. H. M. Philpott were responsible for decorations, while Mrs. A. N. Bergland, Mrs. A. R. Batten, Mrs. R. H. Boak and Mrs. Robert L. Weber served the luncheon. Grace was offered by Mrs. R. R. McGeorge.

Miss Evelyn McFarland, teacher in a girls' school at Cairo, Egypt, explained some customs from that country and told of her work there. Mrs. Thomas Lindsey of the W. M. S. and Baird society, led devotions in the afternoon. Mrs. Jay L. Reed and Mrs. S. Glenn McCracken pleased with two duo piano selections. Mrs. Joseph Hartman, of the Jean Hill Williamson

society, reviewed "Which Way Japan?" by Floyd Shacklock.

Mrs. Thomas Elliott made the attractive program booklets. Used eye glasses, that will be distributed among natives of remote mission fields, were collected at the meeting.

### WASHINGTON CALLING

(Continued from Page Four)

ment, promised there would be no nationalization in the next four years, but said that a government commission would study the advisability of nationalizing banks and insurance companies, with the voters to decide at the next election whether that should be done.

The dilemma of the voter who sees little choice may account for the unexpected rise of the Christian Peoples party. Its political appeal seemed to the professional politicians to be nil. Yet, this party of the church people went from almost zero to a vote that may in the final count give it seven or eight seats in the Parliament.

There is one thing America's economic assistance has unquestionably done. It has brought the time in which free citizens have come to learn the meaning of Communism and that is supremely important.

Current estimates are that by 1956 the country will have 24,000-000 television sets.

## Sarah Churchill

### Married Tuesday

Flying To New York With New Husband For Brief Honey-moon

SEA ISLAND, Ga., Oct. 19.—(INS)—Sarah Churchill, actress daughter of Britain's war-time prime minister planned to fly to New York today for a brief honeymoon with the society photographer who wooed her from behind a camera lens.

The 34-year-old stage star was married yesterday to Anthony Beauchamp at picturesque Sea Island. Their wedding started a flood of congratulatory messages pouring into the resort colony.

Beauchamp and Miss Churchill first met 18 months ago when the actress posed in the photographer's English studios. Their friendship continued as Beauchamp attended the theater where Miss Churchill was appearing.

The trans-Atlantic romance had the approval of Miss Churchill's famous father, himself a painter and figure in the art world.

Probate Judge Edwin W. Dart of Glynn county, Ga., performed the ceremony at Mr. and Mrs. Alfred W. Jones' Spanish-styled home. A small orchestra played "Some Enchanted Evening" after the wedding.

Commercial plywood as known today dates from 1905 when it was first made in St. Johns, Oregon.

HUDSON **STYLING** IS AHEAD...

HUDSON **STEP-DOWN** DESIGN IS AHEAD...

HUDSON **SALES** ARE AHEAD!...

# You're ahead with Hudson

WHAT a car! And what a royal welcome it's getting from value-wise Americans!

Already, of the more than quarter-million owners of New Hudsons, over 120,000 are motorists who switched from other makes to own a "step-down" designed New Hudson—and as a result, sales so far this year are over 30 per cent ahead of last year's glorious record! Yes, alert motorists have been quick to discover that Hudson's exclusive "step-down" design brings, not just more, but the most of the four things people want most in a motor car—beauty, roominess, road-worthiness and all-round performance!

Let's take road-worthiness for example! It's a fact that the New Hudson—thanks to "step-down" design—achieves the lowest center of gravity in any American stock car, yet there's full road clearance! Result: the safest, steadiest, hug-the-road ride ever known!

One Revelation Ride will show you that the "step-down" designed New Hudson is not only ahead—but years ahead! Indeed, the New Hudson is so advanced in design it's a protected investment for your motor-car dollars!

Why not come in for that Revelation Ride today, while we're offering the best deals in a decade!

HUDSON A LEADER IN RESALE VALUE! Come in today and ask us to show you the latest Official Used Car Guide Books of the National Automobile Dealers Association. You'll see that "step-down" designed New Hudsons command top prices in the nation's used-car markets!

## Capt. Dundon To Enter New Field

Salvation Army Leader Here Assigned To Tarrytown, N. Y. Post

### TO HAVE FAREWELL MEETING SUNDAY

Friends of Capt. Theima L. Dundon, who has been in charge of the Salvation Army here for the past six years, will regret to learn that she is leaving for a new field of service on October 26. Captain Dundon, who has just returned from a territorial conference held in New York, received assignment to Tarrytown, N. Y., while there.

Succeeding her in the New Castle post are Second Lt. and Mrs. Thomas Mack, who will come here from the Pacific Coast area. They will arrive in New Castle to take charge on October 26, the day Captain Dundon is to report to her new post.

### Neighborhood House September Report

Fall And Winter Work Of South Side Institution Opens With Full Program

Neighborhood House work for the fall and winter has gotten off to a good start with an intensified program being carried out in the headquarters at Christ Methodist church, South Mill street.

During the month of September, welfare workers, Misses Christine and Jean Butler made 57 calls in the home of members of the Neighborhood House. Classes opened in sewing, making mottoes, memory work, English classes, and key to the English language. The evangelism group had the opening meeting with Miss June Austin as song leader.

The L.T.L. group members are making scrap books to be given to children in hospitals. They are learning temperance songs, yells, and facts about drink and tobacco. Each member signs the temperance pledge. Temperance tracts are being given out. The J.A.C. club is making new books and each member is learning the ten commandments, coloring and placing each one in their scrap-

book. They are being taught that our laws are based on the ten commandments. Parables and songs are being learned and special days observed.

Bible school attendance is increasing with parts of the Bible being memorized. Those who finish the required verses, have their names on the Bible school honor roll. A home department has been established in connection with the Bible school with 12 mothers promising to study the lesson at home.

During the period, one New Testament was given out, with the following donors announced: Miss Sarah Snyder, Miss Margaret Sankey, Miss Hannah Walker, Miss Clara Smith, Miss Wallace, Mrs. T. D. Allen, Dr. James Blackwood, Mrs. Winifred Albertson, Miss Dora Moses, Mrs. Ruth Lutz, Mrs. Sylvia Howard, Miss Katie Chiffo, Miss Eva Lightner, Group 3 of Epworth church, Mrs. W. C. Bowman, First Baptist church and First Baptist young adults.

### Toll Bridges Are Being Acquired

HARRISBURG, Oct. 19.—(INS)—The state's long battle to buy and eventually from Pennsylvania's 10 toll bridges today neared completion.

Highways Secretary Ray F. Smock yesterday paid \$2,850,000 for the Market street bridge at Harrisburg and \$452,755 for the Eighth street span at Allentown. Monday the state acquired the Clarks Ferry toll bridge for \$537,000.

Agreements for transfer of the Minsi trail bridge at Bethlehem has been reached, while the department reported progress on negotiations to buy the remaining six spans.

These still to be bought are bridges at Harrisburg, Sunbury, Point Marion, Bethlehem, Ellwood City and Charleroi.

The United States battleship Maine was sunk in Havana harbor February 1, 1896.

## Hotel Employees In Pittsburgh Vote On Strike

PITTSBURGH, Oct. 19.—(INS)—Employees at six of Pittsburgh's largest hotels today cast ballots which will decide whether 1,600 workers strike or accept a management offer of a slight wage increase.

Officials of Local 237, AFI, Hotel and Restaurant Employees Alliance would not say whether they had recommended acceptance or rejection of the hotel management offer which grants a two-cent hourly raise to about 1,000 non-tip-receiving employees and leaves unchanged the pay of 600 waiters and other employees.

## Panther Club

### Party October 22

Panther club members will have their annual halloween party Saturday evening, October 22, activities starting at 9:30 o'clock. The event will not be a masquerade party this year.

A local orchestra will provide dance melodies until 1 o'clock. Special guests are to attend in addition to wives of the members. Refreshments will be served during the evening.

Co-chairmen of the event are A. C. Ricciardi and Joseph Punio.

## Calf Demonstration

### Meeting Is Planned

On Friday, a calf rearing and feeding demonstration will be conducted at the J. B. Wallace and son farm, near Enon Valley, which is sponsored by the Young Farmers of Lawrence county.

Methods of rearing and feeding which have shown best results will be shown in this demonstration. The Wallace farm is located a

mile and a half east of Enon Valley on Route 351, taking the left turn at the end of the viaduct north of the Pennsylvania Railroad tracks.

## Dinner Tonight For Committee

This evening, members of the committee who were in charge of the Catholic Day arrangements, will be honored at a dinner at The Castleton.

The event will honor the group for their cooperation and excellent work, which made the second annual Catholic Day last August 3, a most successful affair.

A 6:30 o'clock dinner will precede an address by Daniel Hamill, former Pittsburgh diocese head of the Holy Name Society. Entertainment will follow the speaker. Thomas J. Cunningham is the toastmaster of the evening.

## FILM 'QUEEN'

HOLLYWOOD — (INS) — Screen rights to the popular radio program, "Queen for a Day," have been sold to Robert Stillman, who produced "Champion" and "Home of the Brave." The picture will get under way in December with Arthur Lubin as its director.

## LITTLE BEAVER

### FORTIETH ANNIVERSARY

Mr. and Mrs. Mead Small of Little Beaver were honored at a turkey dinner given by their niece, Mrs. Donald Green at her home in Youngstown last Sunday. The affair honored the couple's fortieth wedding anniversary and members of the family were present at the celebration. There were covers laid for 15 and pink and white decorations and cake formed the centerpiece.

## Halloween Parade Being Planned At New Wilmington

Kiwanis Club of College Town  
Plans For Halloween Parade  
October 31

(Special To The News)  
NEW WILMINGTON, Oct. 19.—Final plans for the annual Halloween festival, to be held October 31, were made at the meeting of the New Wilmington Kiwanis club Monday evening.

The festival, open to the whole community, will feature a costume parade and street dancing.

Fred Rowland, upper New Castle road, outlined the evening and announced committees for the affair. Judges of the parade will be: Donald J. Barbe, representing Westminster college; Ross Ellis, representing Rotary; and Miss Gertrude Chapin of Westminster college.

The parade will form in the high school yard, march north to New Castle, then east to Market street, south to Washington street, and west to New Castle street. From there they will go north to Vine street and return to the school yard for judging.

Three awards will be given to the best couples, two awards to the best floats and three awards to the best costumed groups. The best single contestants will receive a prize and a grand prize of \$25 will be given.

Immediately following the judging of the parade, street dancing will be open to all.

Free cider will be given away and concessions will sell coffee, donuts and hot dogs.

## CASTLEWOOD

Thursday evening the Harmony Baptist church had a successful fund-raising program by the Consistory quartet. The quartet was composed of Arthur Harris, William Thomas, Russell Rhodes and Leonard Kishart. A quartet of four ladies from Elwood City also sang and Angelo Filigenzi played two violin solos, accompanied by Miss Agnes Tachio. Miss Julia Currie of New Castle was heard in two soprano solos with Mrs. E. J. Moss accompanying.

Mrs. Harold Newton of Castlewood visited Mrs. Sultinger in New Castle, Thursday.

Thursday evening, following church practice, the group assembled in the home of Mr. and Mrs. Donald Hogue of the New Castle road where a surprise birthday party was given for the president, Mrs. Ruth Moore, R. D. J. Elwood City.

Friday evening the Victory class of the Harmony church met at the home of Mr. and Mrs. Lawrence Frey, R. D. 1, Elwood City. Mrs. Beryl Hogue read the scriptures with prayer by Rev. E. J. Moss. A social time followed and a lunch was served by the hostess, Mr. and Mrs. George Thomas were special guests.

The Young People's Fellowship of the Beaver Baptist association met at the Harmony Baptist church Saturday evening. Following the meeting a social time was enjoyed. Mrs. Sarah Shaffer of the Old Pittsburgh road is home from the Jameson Memorial hospital following an operation for appendicitis.

Rev. E. J. Moss and Mrs. Hazel Tills are delegates to the Pennsylvania Baptist convention in Williamsport this week. Mrs. Moss will go as a visitor.

Harmony missionary meeting will be conducted on October 27.

Mr. and Mrs. William Thomas and Darlene of R. D. 1 Wampum, and Mr. and Mrs. George Thomas visited Mr. and Mrs. John Amer of Harlanburg road on Sunday afternoon.

Alex Orlando of Castlewood left for Washington D. C. to visit his son and wife, Sgt. Carl G. Orlando.

Cumbeats were first used in the United States on the Delaware river in 1775.

## Report Hungary Seeking To Sell Art Treasures

GENEVA, Oct. 19 — (INS) — Communist Hungary, hard-pressed for "yankie dollars," is quietly trying to sell some \$4,000,000 worth of art treasures—most of them confiscated from private citizens.

This spotlight in iron curtain economies has been disclosed by Arthur Fischer, director of the Fischer Galleries at Lucerne, Switzerland.

Fischer told International News Service he has received a proposition from Budapest to handle the sale in Switzerland of a large collection of European art masterpieces.

There are 208 paintings in the collection. The manner in which the Communist Hungarian government collected them, he said, is reminiscent of the tactics of any other art-fancier—Heinz Marshall Herman Goering. The treasures were seized from Hungarians arrested by the political police or forced to flee the country.

## Good Taste By FRANCINE MARKEL

QUESTIONS OF GENERAL ETIQUETTE

"Find your advice very helpful and appreciate it very much. Would you please be kind enough to answer the following questions for me: (1) If when dining with a friend you do not wish to pay his check or have him pay yours, is it permissible to ask for two checks? What must you say to the friend? (2) If there is no salad set, may you use the regular knife and fork? (3) Would you tell me if soft-shelled crabs are considered a finger food or are they eaten in part with a fork? (4) If you are invited to dinner and then asked to attend the theater, should you offer to pay your own admission? Answer: (1) Let the waiter give you one check and suggest to the friend that you each pay your own. (2) Use your dinner fork when no salad fork is supplied. Knives are not used for cutting salad. (3) Soft-shelled crabs are eaten with the fork. (4) You should pay your own admission unless otherwise informed.

Question: When a family moves into a new home is it correct for them to have a housewarming or should their friends give it instead? Also, should everyone be invited take a gift? If so, what should one take? Answer: The housewarming is usually given by the host and hostess when their house is ready for inspection. Guests should bring a gift—something for the new home.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers including stamped, addressed envelopes.

It may be that the increased cost of hunting licenses accounts for the comparatively light response of hunters this season. Whatever it is, the sale of licenses is down this year compared to last year at similar time.

Licenses this year cost \$3.15 as against \$2 previously.

Non-resident licenses now cost \$20 as against \$15 previously.

Perfect Background for a Lady!

Sometimes, we think a lady never looks so lovely as when she's seated at the wheel of a Cadillac car.

First of all—she looks serene...

... for she knows she is driving the world's most distinguished motor car—a car so regal in its bearing and so sumptuous in its appointments that it is the accepted standard for the whole automotive world.

She looks confident, too...

... for she knows she is driving a mechanical masterpiece—a car that is as dependable and

safe as human ingenuity and craftsmanship can make it.

She looks rested and at ease...

... for there is no strain at all to her driving. The big motor moves the car as if by automatic propulsion—steering is virtually a response to her wish—the brake pedal calls for little more than the weight of a foot.

And, finally, she looks—as we said—so lovely...

... for here is the perfect background for a lady. If she has chosen the model and the

color and upholstery with care—as the fullest complement to her personality—she is the spot-lighted high-light in a gorgeous picture!

This message, of course, is addressed to a man—to a man with a lovely lady whom he delights to see at her best—and whom he wants surrounded, wherever she drives, with every safeguard an automobile can provide.

Come in, Sir—and see us. You are looking, as you surely know, for a Cadillac!

## IN THE OPEN

Once again it's topcoat time in the woodlands. Pressed by mid-October's nipping fingers, the good citizens of the timberlands, from tallest poplar to lowliest spicebush, are sporting the latest styles in Fall topcoats. The papaw on the bank of the creek is wearing a close fitting number of brown velvet. The beches of the open hill-sides have dressed up their buds in long slim coats. The dogwoods lean more to the stylish stouts, with plenty of padding.

Even as they cut loose this year's leaves and throw corky dams across the scars, the denizens of woodland and thicket look ahead to another Spring and dress their expectant buds warmly for the cold weeks of waiting. In a tiny vale I noted a dozen or so of the green augers of the skunk cabbage, already probing up through the brown leaf mulch. With all these preparations afoot before the first snow flies, the countryman wonders with the poet—"If Winter comes, can Spring be far behind?"

**Watches Kingfisher**  
I sat in the genial October sun on a genial October afternoon and watched a belted kingfisher try for his supper in the shallows at the head of a large dam. He apparently didn't know I was in the audience. From a perch in the edging willows he would sort out above the water, hover briefly until he located a likely victim, and then make a diving try for the kill, hitting the water with a resounding smash.

Eight times he went into that power dive, and eight times he scored a complete miss. Finally he gave up in disgust and headed off to other fishing haunts. His comments, as he went rattling along, were unprintable.

The killdeer and the pair of greater yellowlegs working the mudflats were enjoying better success in picking up an afternoon snack. The yellowlegs were talkative, and the killdeer, hysterical as usual, fairly made the welkin ring when they discovered me prying into their affairs.

There were raccoon tracks along the stream at the head of the dam, and the unmistakable sharp imprint of a doe deer. In the lush grass edging the shore line a station of the graceful little orchid known as nodding ladies' tresses

had sent up several twisted spikes of the small white blossoms. Yellowish clouds of tart wild crab-apples lay beneath the hardy little trees.

**Sparrows Could Not Resist**  
Birds in October is always at a minimum, but the song sparrows could not resist the brilliant afternoon. Several of these cheerful fellows, my favorite songsters, sang briefly in the wild cherry tangles above the head of the dam. I heard a lone bluebird warble once or twice, but the song had a nostalgic ring, as though the singer were homesick for the April countryside.

I wandered up through a beech grove into the deeper woodland, and ran into a gray squirrel committee meeting. I counted five of the bushy-tailed fellows bustling off through the leaves. After a short period of they started scolding and from that moment until I left the woods I was the target for a great deal of blistering vituperation.

I was idly noting the carvings on a broad beech when my own name and initial suddenly jumped out at me. Whoever my namesake is passed that way in 1942. So says the tree.

The woods were alive with birds, most of them loafing for a day on their way south. Chewinks and robins have gathered for a last fling before moving over the hills into Virginia and the Carolinas.

**Grand Finale Taking Shape**  
The grand finale of the outdoors flower show is now taking shape along the woodland trails. Witch hazel, last but not least of the flowering shrubs of the forest understory, is again showing the

yellow, fringed flowers which give small bees and flies their last feast of the season. When this shrub blooms bravely on into November the countryman wonders, "has time grown sleepy at his post and let the exiled Summer back?"

The witch hazel is an artist, bombarding the neighborhood with its large black seeds. The catapaults are the seed capsules set the previous year and ripening while this year's blooms are brightening the nooks and corners of the woodlands. For some excitement indoors, bring in a few fruiting branches of this shrub. Set them in a strategic spot and be prepared to duck when they touch off the shot. On the firing line the witch hazel is no respecter of persons.

**JOBS AVAILABLE**  
MELBOURNE — (INS) — Australian Labor Ministry figures show 94,000 vacant positions in the country's industry. Although 55,000 immigrants were admitted last year, the number of jobs to be filled rose by 6,000 after the newcomers were absorbed.

## PENNSYLVANIA HENS

### SET ALL-TIME HIGH

HARRISBURG, Oct. 19.—(INS)

—Sixteen million laying hens and pullets on Pennsylvania farms produced 197,000,000 eggs during September and set an all-time high, the state agriculture department reported Monday.

The yield was one million eggs above the same month in 1948 and two million over September, 1947, according to the department.

Similarly, Pennsylvania cows turned in an all-time record during September, the department reported.

The 481,000,000 pounds turned out last month by 966,000 cows surpassed the previous September high in 1947 by five per cent, the department said.

## Coe Risher Tells Of Unusual Experiences

Mrs. Minnie Mayers of 221 Scott street recently received a letter from her nephew, Coe Risher, who is working at Sucre, the capital of Bolivia, South America. In it he tells, in part, of the various experiences he has witnessed while in that country. Here are a few excerpts from his letter:

"I suppose you have heard in some way that the country had a slight revolution in the past couple of weeks."

"Helen and Bobby got back from Cochabamba a few days before the revolting party went into action. They sure surprised a lot of people and took the town one Saturday morning about five o'clock. There was quite a lot of shooting for a while and some casualties, none of which were Americans. We stayed under cover for sure for a few hours in the morning. We were challenged frequently, but treated courteously by the rebels who were mostly from the mines around Potosi."

**Much Excitement**  
"The following Friday or Saturday night, government troops must have sent in a scouting party because there were several shots and lots of excitement. We then decided to get all the Americans into one place."

"That Sunday we were suddenly warned to get off the street as the soldiers were coming in, and they did, and so did we. The worst of the street fighting was over by afternoon, but the snipers were still plentiful. There were quite a number of casualties for that time."

"Four of five days straight, a rebel plane dropped small bombs around the local airport, but made no attempt to hit anything close to town. He didn't show up yesterday or today, so maybe he is on vacation. Hope so anyhow, because he picked some bad hours. Either just at lunch time, or when I was shaving in the morning, or just at quitting time. Helen doesn't like the bombing. Bobby has a very healthy respect for stray bullets, although I don't believe he saw one. He did hear several rockets though, and they seem to have impressed him quite a bit. Also he is quite aware of the dif-

ference in pistol, rifle, or machine gun shots. I brought him and Helen out to the plant one day before government troops retook the town, and he was here when truckful of armed men borrowed two drums of our gasoline. One of them had a sub-machine gun, so he really knows all about them now."

Coe Risher's father, George Risher, formerly of New Castle, is now working in New York state.

Different kinds of sponges vary in size from those which must be viewed through a hand glass to those which are as much as six feet high.

## Evidences Of Ancient Civilization Found

WASHINGTON, Oct. 19.—(INS)—Fiction writers who dream up lost civilizations got a boost Monday from the eminently scientific Smithsonian Institution.

Dr. Henry B. Collins, Jr., of the institution, reported he had found evidence of a cultured race that lived in now uninhabited Canadian Arctic wastes more than 500 years ago. Collins identified the race as the "Thule" people.

Collins said he found samples of exquisite art work in ivory carvings, remains of well constructed stone houses, a pottery lamp and a sealskin bag for whale oil.

The Boston symphony orchestra was founded in 1881. It has had ten conductors.

## PSEA Head Is Lions Speaker

Dr. David H. Stewart, of  
Dormont, Aims Problems  
Affecting School  
System

### SCHOOL LEADERS SPECIAL GUESTS

Those who heard Dr. David H. Stewart, president of the Pennsylvania State Education Association, speak on the problems of education as they confront the people of Pennsylvania, gained a new concept of these problems and the part that parents, and citizens of the community as a whole can play in helping to solve some of these problems. Dr. Stewart, who is superintendent of schools in Dormont, Pa., addressed a meeting sponsored by New Castle Lions Club at a luncheon in The Castleton, Tuesday noon. Special guests included local school officials, both public and parochial, members of the P.T.A., and local school directors.

President Sam Rashid of the Lions Club called upon John N. Cornelius, principal of the Oak street school, to introduce the speaker. Mr. Cornelius is chairman of the Lions educational committee.

**Educational Problems Increase**  
Problems in the field of education are on the increase, Dr. Stewart stated. Historical changes are ever occurring, bringing with them new problems.

Dr. Stewart discussed the situation from three angles, as they affect the citizens at large; as they affect the school director, and as they affect the teacher.

Referring to the parental viewpoint, he stated that every parent is interested in the quality of the teacher and how he can best safeguard the interests in his own child. The state, which supervises the educational program, delegates part of this authority to the board of school directors, who were elected by the people. People elect them to office, he pointed out, and then immediately start condemning them for their every act.

People in a democracy apparently do not give the respect they should to those in authority. The school board is the policy making group of the educational system. As a whole, he said, they are sincerely interested in the welfare of the community. They in turn pass on the responsibility of operating the schools to the teacher. When these three interests get together and strive for the best interests of education, we are going forward.

**Adequate Financing Needed**  
However, in order to operate a school system effectively, it must have adequate finances. At the present time, the school system in Pennsylvania is operating on depression legislation. The P.S.E.A. is conducting a tax study at the present time, to provide a permanent tax structure. There seems to be a general trend against increasing taxation on property for all forms of government, and new tax sources have to be sought by those to whom this unpleasant task is delegated. As evidence of this fact, he pointed out that the

### Educator Guest Of Lions Club On Tuesday

Above are shown John N. Cornelius, on the left, chairman of the Lions Educational committee, and Samuel Rashid on the right, president of Lions, with Dr. David H. Stewart, of Dormont, Pa., president of the Pennsylvania State Education Association, as Dr. Stewart was preparing to speak to the Lions and their guests on Pennsylvania's educational problems.

assessed valuation of property in Pennsylvania today is 25 millions less than it was in 1932.

All teachers are not good teachers, he stated. However, he said that if the proper attitude of respect were shown for the teaching profession as a whole, it would increase the efficiency of the teacher, and the pupils would get more out of it. Students today walk into high school with the attitude, "Teach me if you dare." Where the parents builds a proper attitude between the child and teacher the child will get more out of education and be benefitted accordingly.

Referring to tenure of teachers, he stated that there are areas in Pennsylvania, where tenure is necessary to guarantee against personal or political reprisal. This protects incompetent teachers, and those in the profession are conscious of this fact.

The building situation is also bad today, he said. Many school districts which were ready to expand 15 years ago, had their programs curtailed because of the depression, and then the war placed school construction lowest on the priority list. Rising costs have left the situation where it was 15 years ago, he stated.

We are all agreed that our way of life, our high social order, has

developed because of our high standards of education, Dr. Stewart stated. However, at the present time, more money is needed to maintain this high standard. You three groups must attack this problem, and where the state enters in, to treat it fairly and equitably. You must recognize that a good teacher must be a highly trained individual, and the profession must recognize the fact that a teacher must be competent. When all these problems are fairly met, every community will benefit, he stated in conclusion.

The geographic center of New York state is in Madison county, six miles south-southeast of Oneida.

### Fourteen Counties Have F.H.A. Meeting

Lawrence County Future Home-makers of America were host to fourteen counties of the state at a recent F.H.A. conference at the George Washington Junior High school.

During the morning, the registration of the various chapters took place. Last year over 9,000 were registered in the state. Guests were introduced by Alice Bushko, state president, who talked of the organization's work in the home, community and state.

Group singing and various reports were featured at the morning session. Lunch was served at noon in the school cafeteria.

**Emblem Service**

In the afternoon, a meeting for the mothers and teachers took place in the library. After this, the group assembled in the auditorium for the afternoon session.

The impressive emblem service was conducted by the Mercer county chapter. Red roses, the symbol of vibrant growth and health, and white mums were centerpieces on the table around which the girls conducted the ritual. Each girl spoke on some phase of the emblem, and then lighted a candle. The eight white candles signify the purposes of the organization, and one red candle shows the flame of home economics.

Group singing and a skit closed the meeting.

### Trades And Labor Assembly Makes Change In Name

Will Be Known As Lawrence  
County Central Labor  
Union In Future

In the future, the New Castle Trades and Labor Assembly will be known as the Lawrence County Central Labor Union.

At a meeting of the Trades and Labor Assembly Tuesday night this action was decided upon as well as a number of other changes in by-laws and procedure.

The new Central Labor Union will have as officers a president, a vice president, a secretary and a treasurer. There will be ten executive members drawn from the affiliated unions but no one union may have more than one member upon the executive committee.

Nominations for officers and committee members will be held in January with the election in February, in order to conform to the election dates of the affiliated unions.

The meeting Tuesday night also endorsed the Community Chest and recommended that union labor take part in every civic project in the community.

### Hospital Auxiliary To Meet Thursday

Members of the New Castle Hospital Auxiliary will meet Thursday evening at 8 o'clock in the nurse's home, South Mercer street. Interesting business matters will be discussed at this time.

Instead of meeting once a month as the auxiliary has been doing previously, members will meet twice a month, the first meeting to be the first Thursday afternoon of each month at 2:30 o'clock and the second to be on the third Thursday of each month at 8 o'clock. This will enable members to attend at least one meeting each month.

**Funeral Nov. 3**

Word has been received by Mrs. Luella Long from the U. S. Department of Army that the funeral service for the late Corporal John A. Long, Jr., will be held on November 3 at the Jefferson Bar-

racks National cemetery, St. Louis, Mo.

Cpl. Long, a nose-gunner on a B-24 was killed while a prisoner of the Japanese government in Hiroshima, Japan, on August 6, 1945.

Cpl. Long was the husband of Luella Long of R. D. 9, and the son of John A. Long, Sr., and the late Alma Long of Castlewood, Pa.

**WINDOW BROKEN**

Window was found broken at the Jordan residence, 118 Euclid avenue, last night, according to a report to city police.

**AUTO STRUCK**

Robert Gordon, 324 East Wallace avenue told police yesterday afternoon his car had been struck by an auto driven by a woman which also struck another car at North and North Jefferson street.

He obtained the license number of the car and police provided him with the name of the car owner.

A good share of Purdue's troubles might be traced to difficulty in maintaining possession of the ball. In three games, the Boilermakers fumbled 14 times and lost the ball 11 times.

United Presbyterian—Sunday school, 10:30 a. m. John Anderson, supt.; morning worship, 11:30, Rev. Walter Biberich; Y. P. C. U., 7:30.

## GARDEN CLUB

The regular meeting of the New Bedford Garden club was held on Tuesday evening in the home of Mrs. Marcel Guillery. "Preparing Soil for Fall Planting," Mrs. Dale Whiting presented her sister, Miss Jean Landerl, of Pittsburgh, who showed slides of her trip to Europe. Miss Landerl was one of those on the tour conducted by Rev. Biberich this past summer. Her slides were most interesting, showing much of the personal side of life in Europe.

Mrs. George Dieter, retiring president, presided at the business meeting. The following officers were elected: Mrs. Melvin Moorhouse, president; Mrs. Ben Burgoon, first vice president; Mrs. Mike Rudzik, second vice president; Mrs. Robert Zedakar, secretary; and Mrs. James Nesbitt, treasurer. Mrs. Lloyd Goodge and Mrs. George Dieter were elected as the executive committee. Following the business meeting lunch was served from a prettily appointed tea table with Mrs. Melvin Moorhouse pouring. Mrs. Ray Gregg was a special guest. The November meeting will be at the home of Miss Fay Wilcox.

## HOPEWELL BEACON CLASS

On Thursday evening the Hopewell Beacon class met in the home of Mrs. Roy Crawford with Mrs. Robert Wallace as co-hostess. Mrs. Carl Eppinger presided at the business session. The annual supper usually held in November was postponed pending settlement of the strike. Games directed by Mrs. Wylie Wallace provided the entertainment of the evening. Refreshments were served by the hostesses.

at a seasonable hour. Special guests included Mrs. Douglas Tracy, Miss Joan Barr and Miss Joyce Crawford. The November meeting will be at the home of Mrs. Paul Brown.

## DOMESTIC SCIENCE CLUB

Instead of their usual afternoon meeting the Domestic Science club met on Friday evening with their husbands as special guests. Mrs. Frank Sloughton and Mrs. Norman Hove entertained the group in the former's home. A social evening was enjoyed with Miss Grace Anderson as game director. Delicious refreshments were served by the hostesses, assisted by Mrs. Arrel Bradley.

## MISSIONARY MEETING

The Hopewell Missionary society met on Thursday afternoon with Mrs. Jesse Rogers. Thirteen members attended. The program was in charge of Miss Grace Anderson. The vice-president, Mrs. Paul Shields, presided at the business meeting when plans for the annual Thank Offering service were discussed.

## HEARTS AND DIAMONDS CLUB

Mrs. Kenneth Hanna entertained Hearts and Diamonds club in her home on Thursday evening. Two tables of bridge were in play. Mrs. Donald Holtzman received the award for high score and Mrs. Earl Stoughton received the consolation prize. A tempting lunch was served by the hostess. In two weeks the group will meet with Mrs. Donald Holtzman.

Doctor's 4-Step Beauty Routine Helps 4 out of 5 to softer, smoother, lovelier-looking skin—in 2 weeks!

• If your skin gets dry or rough, if "externally-caused blemishes" sometimes mar its loveliness—here's news of vital interest to you.

A noted skin doctor has recently developed a new beauty routine. In clinical tests, results proved so astonishing that beauty editors are really excited. It's a new idea!

**Here's what Happened!** 181 women took the test under the supervision of 3 skin specialists. Each woman had something wrong with her skin—blemishes, roughness, dryness, etc. Each followed the doctor's simple 4-step routine, using Noxzema Medicated Cream.

After one week, the majority showed remarkable improvement. At the end of the test, results were

astounding. Actually, 4 out of 5 women showed softer, smoother, lovelier-looking skin. Think of it! 4 out of 5 gained softer, smoother, lovelier-looking skin in only 2 weeks.

Try it yourself! See if Noxzema doesn't help your skin to natural-looking loveliness. Here's all you do: **Morning**—1. Bathe face with warm water, apply Noxzema with a wet cloth, and "cream-wash" your face.

**Evening**—2. Apply Noxzema as a powder base. **Evening**—3. Before retiring, repeat morning cleansing. **4. Massage** Noxzema lightly into your face. Pat on extra Noxzema over any blemishes.

**Special offer**—For a limited time you can get the big 85¢ Boudoir jar of Noxzema Skin Cream for only 59¢ plus tax. That's 43% more Noxzema for your money than in the Small size! Try this new home beauty routine now on this money-saving offer—but hurry—it's a limited time offer! Get Noxzema today at any drug or cosmetic counter.

## Officers Elected For Union P.T.A.

Officers Installed, Principal And Teachers Introduced, Program Presented

On Tuesday evening, the first meeting of the Union township P. T. A. was held at the school building. At this time the officers were installed who were elected last spring.

Retiring president, James Fowler, administered the oath to the following: president, Mrs. Jack Grizzle; vice president, Mrs. Eleanor Bowden; secretary, Mrs. Anna Hartford; and treasurer, Mrs. Esther Radabaugh.

After the installation of officers, J. Arthur Turek, supervising principal of the Union township schools, was introduced by the new president, who in turn introduced the teachers present.

During the program, a solo was given by Lynn Fowler, who recently returned from St. Louis, Mo., where he took part in the National FFA chorus. He was accompanied by Mrs. Gibson of the music department.

Robert and Paul McConahy entertained the group with an instrumental duet.

An educational movie was shown by Clay Aibel, of the Pennsylvania Power, who presented the film, "Humming Wires".

After the social period, the group was served a delicious lunch in the school cafeteria. Those in charge of the refreshment committee were the Mesdames George Mattocks, Eleanor Cox, Mary Curtis and Eleanor Bowden.

**COWBOYS MEET**  
KINGSVILLE, Tex.—Texas A. & I. college has invited 20 colleges from eight states to compete in an intercollegiate rodeo here in November. The A. & I. Rodeo club, a branch of the South Texas Fair, will sponsor the competition.

### PONDS PROVE WORTH IN FIRE PROTECTION

Lawrence county farmers who have built ponds observed Fire Prevention Week in a notable way. Most ponds were built to be used for several purposes, one of the most important of which is fire protection for farm buildings. Naturally, everyone hopes he will have no serious fire and that the pond will never have to be used for that purpose. But ponds have proved their worth in fire prevention alone. On a number of farms they have supplied the water for saving farm buildings.

Fire companies have been able to use most of these ponds in emergency to good effect. To be most effective ponds must be of easy access. If located back of, or too near the buildings, entrance to them may be blocked quickly by flames. A good, all-weather road leading to the pond is another important consideration.

The pump on a fire truck can "pull" water only 10 or 15 feet but it can "push" it as far as a half mile, if there is enough hose. Most trucks carry only 20 feet of suction hose and half of this must be in the water. Hence, the road should extend to the water's edge.

A platform or some other device to keep the end of the suction hose off the bottom of the pond should be provided. Pumps could be ruined by sucking sand and silt off the bottom of the pond.

### MANY LIVESTOCK LOSSES CAN BE PREVENTED

Load livestock carefully to avoid losses. Cattle, hogs, and sheep decrease in value through careless handling in loading. These precautions will add up to greater profits:

Do not feed grain heavily just prior to loading; always partition mixed loads to separate classes and calves from cattle. Load slowly to prevent crowding against sharp corners and to avoid excitement. Do not overload.

Tie all bulls in truck or car and partition boards, stags and cripples. Never lift sheep by the wool. Partition packing sows from lightweight butchers.

When unloading avoid dropping animals from upper to lower deck. Use cleated inclines. Handle livestock carefully—this will help increase profits.

### EDENBURG

Women's Society of Christian Service of the Methodist church will meet in the home of Mrs. Roy Unangst on Friday at 8 o'clock.

Mr. and Mrs. J. H. Biddle of Norwalk, O., were visitors in the home of Mr. and Mrs. Ray Biddle.

Mr. and Mrs. William McGowan and daughters of Struthers spent Sunday with Mr. and Mrs. H. R. Schock.

Mrs. Edgar Leeper is confined to her home with illness.

After a heavy snow there is usually an open place around each tree because the tree reflects sunlight and thus melts.

## Hunters Warned Of Strict Enforcement

DU BOIS, Pa., Oct. 19.—(INS)—Pre-season big game hunters Monday received warning of tightened law enforcement in Cameron, Centre, Clearfield, Clinton, Elk, McKean and Potter counties.

M. E. Sherman, supervisor of Division "E," said 48 cases of game law violations resulted in \$2,859 in fines and 87 days in jail during September.

He added that game law violators seem to increase just prior to opening of the hunting seasons.

### NURSES' CONVENTION SET FOR NOVEMBER 2-5

HARRISBURG, Oct. 19.—(INS)—Approximately 2,000 nurses are scheduled to attend the 45th annual convention of the Pennsylvania State Nurses' Association at Reading, November 2-5.

The association planned study at the sessions of "the critical need for more nurses" in the state's present facilities.

# It's all yours for less than you think

THIS BUICK SPECIAL 3-PASSENGER COUPE (Model 46) does double duty as a business car and a spacious carrier for the small family.

## TEN-STRIKE! Only Buick SPECIAL has all these Features!

Traffic-Handy Size • More Room for the Money • Dynaflo Drive optional at extra cost • Jet-Line Styling • Non-Locking Bumper-Guard Grilles • High-Pressure Fireball Straight-Eight Engine • Coil Springing all around • Low-Pressure Tires on Safety-Ride Rims • Greater Visibility fore and aft • Self-Locking Luggage Lids • Steady-Riding Torque-Tube Drive • Three Smart Models with Body by Fisher

**R**UN your eyes over this fresh new beauty. Take in its style-setting non-locking bumper-guard grille, the graceful down-sweep of its fender lines, so unmistakably Buick, and we think you'll agree—

It looks like a lot of money—but the fact is, it's a lot for your money.

Take in those bigger interiors, the sofa-soft seats, the easy control and the high visibility you get from the more-than-generous glass area all around—and you'll beam at the news that this one's priced for really modest budgets, right down near the "lowest-priced three."

Beyond that—put this gorgeous new Buick SPECIAL through its paces.

Sample its valve-in-head straight-eight power—the lively, ever-thrilling kind that comes from a high-compression, high-pressure Fireball engine.

You'll find a ride that's pillow-soft smooth, level and steady. You get ample wheelbase—in shorter bumper-to-bumper length for easy parking, garaging, maneuvering.

You'll find a car that handles light as lace—made even more of a breeze by Dynaflo Drive, available at your option at moderate extra cost.

So why not do a thorough matching-up of price tags, and what they'll buy around town?

In particular, put this straight-eight beauty up against the sixes, feature for

feature, dollar for dollar—and you'll see for yourself there's nothing to touch this Buick as a buy.

Yes, go see your Buick dealer, take in the SPECIAL from every angle—and learn how quickly you can have one for your own.

## Judicial Committee Postpones Action On Judge Nominations

Further Action On 22 Federal Judgeship Nominations Postponed Until January 3

WASHINGTON, Oct. 19.—(INS)—The Senate judicial committee Monday postponed until January 3 further action on 22 federal judgeship nominations made by President Truman.

Nineteen of the nominations were sent to the Senate last Saturday, including John F. X. McGhee, successful chief prosecutor of the eleven top U. S. Communists in New York.

Acting Chairman Kilgore (D), W. V., said there had not been "sufficient time" under committee rules to give the one-week notice required for hearings on the 19 latest nominations.

Others Also Held

He said that three other long-pending nominations affecting Pennsylvania, Utah, and Iowa also are being held in subcommittee for action January 3.

These are the appointments of Carroll Switzer to be a federal judge in Iowa, former Congressman Herman D. Eisehart (D), Pa., to be a judge for western Pennsylvania, and Willis A. Ritter of Salt Lake City, to be a federal judge in Utah.

Kilgore pointed out that all the nominees may be given interim appointments after Congress adjourns and draw pay until confirmed or rejected next session.

## James Byrnes May Run For Governor Of South Carolina

SPARTANBURG, S. C., Oct. 19.—(INS)—Former Secretary of State James F. Byrnes has indicated that he may campaign for governor of South Carolina.

The statesman, who has been in retirement from politics at his Spartanburg home since 1947, told the Spartanburg Herald: "If I could make a contribution to these things (matters beneficial to the state) and in other ways really help the people who have honored me, I will be a candidate."

Byrnes hinted that, should he run, it would be on states' rights principles.

He said that an "important question" is whether a governor could secure the cooperation of other governors "in arousing the people of the nation to hold the line against further encroachments upon the rights of the states."

Ohio has nearly one thousand acres under greenhouse glass, which is more than that in any other state.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

That Hurt Look

"I wish she'd scold me outright if I've done something wrong rather than go around with that hurt, disgusted look."

James Jr. is speaking for himself and for many other youngsters. When parents sulk, and that's really what it is, when they make their youngsters feel that they've been terribly hurt and disappointed, the result isn't likely to be very good.

I've known parents—only a few, fortunately—who have shown their displeasure with children by refusing to speak to them for long periods of time.

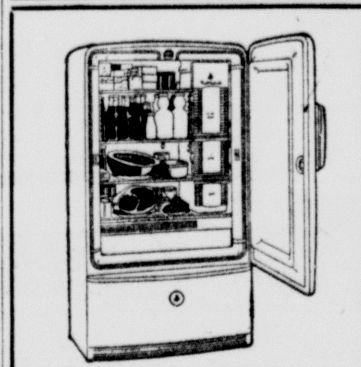

It's hard on children to live with this sort of thing. The burden of feeling that mother or father continues to be "hurt" is more than they should be expected to carry. It's much healthier for them to be reprimanded—if they need it—or corrected in other ways, and have it over and done with. No one likes to be around a person who holds a grudge. In a very real sense, that's what carrying a hurt look or maintaining an aloof silence amounts to.

## Predicts 1949 To Prove Worst Polio Year For Nation

ATLANTA, Oct. 19.—(INS)—The surgeon general of the United States predicted today that 1949 will prove to be the worst polio year in the history of the disease.

Surgeon General Leonard A. Scheele told America's public health officers in Atlanta that "there has been a marked upward trend of poliomyelitis since 1943." He added:

"The end is not in sight. This is a case where new knowledge is urgently needed so that steps can be taken to control poliomyelitis." Scheele said that by the end of this year there will have been between 40,000 and 45,000 cases of polio. Last year, 27,680 cases were reported.

His prediction came before public health officials from 48 states and four territories who opened a conference on communicable diseases in Atlanta.

## County Council Of P.T.A. Holds Program Meeting

Teachers Of Harlansburg Present Picture Story Of Reading Procedure In School

Lawrence County Council of P.T.A. met in the parlor of the Y.W.C.A. with about 50 in attendance.

Teachers from the Harlansburg school presented a picture story of the reading procedure used in their school. "You must make the child want to read," said one teacher, "not just tell him he must read."

"Reading for a purpose has more meaning for a child. Reading is but preparation for life. It's tragic when we consider the reading habits of our parents, and this in turn also influences the attitude of the child. We, as parents or teachers, can see to it that an abundance of the right kind of reading material is available."

The teachers also pointed out ways in which parents can help a child at home, yet not actually do his basic work for him. Using materials at hand, such as nature stories, magazine pictures, and real life problems as incentives, we can help the child express himself.

The next council meeting will be held November 21, in the same room, at which time Wampum and New Bedford units will present the program.

To date there are 18 P.T.A. units in the county, Mahoningtown being the newest unit organized.

## Hoover Makes Short Address

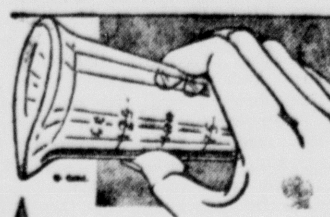

NEW YORK, Oct. 19.—(INS)—Herbert Hoover is making the frontpage in the nation's newspapers today—by announcing that he would not try to make page one news.

The ex-president, in a speech last night before the New York Board of Trade, noted that page one these days is taken up by

stories relating "to ideas of alarm, emergency, crisis, warning, purge, execution, condemnation or the current practice of diplomats denouncing other countries."

Hoover then went over a list of current topics, touching each with a note of satire, and wound up his address in seven minutes by reassuring his audience that "for the good of your digestion," he would discuss none.

## Y.W.C.A. Board Directors Meet

William Schmid, Executive Of Community Chest Speaks On Local Campaign

Board of Directors of the Young Women's Christian association met in the lounge Tuesday evening for the regular monthly meeting, with Mrs. James W. Moorehead presiding.

William Schmid, executive of the New Castle Community Chest, was a guest. Mr. Schmid, still new to the social agencies, was invited in order that he and members of the board might become acquainted.

### Reports Heard

Reports were heard from many chairmen and were as follows: Miss Helen White as treasurer gave the finance report; Mrs. Arthur B. Foster, for all-association program, reported on findings from the setting-up conference and told about the fall classes.

Miss Emily C. Rice, chairman of public affairs, invited board members to a dinner meeting of her committee this Thursday when Mrs. Neil Gebhardt, state YWCA public affairs chairman, will come from her home in Erie to advise the committee on plans for the season.

### Elm Branch Report

Mrs. Raymond J. Williams, chairman of the Elm Street Branch, told about the work going on there and also invited the board to their membership meeting on Thursday evening and to the anniversary tea, to be held Sunday afternoon, October 30, at 4 o'clock. This tea is being held to help the branch raise \$100.

The program departments were heard from, of which Mrs. Earl J. Smith is chairman of Teen-Age. Mrs. Bruce Headland, chairman of Business and Professional Girls, Mrs. Roy A. Long of the International Institute, and Mrs. Harold Glenn of camp. Mrs. Smith said that her department had been asked by the Ellwood City YWCA to give assistance with the Teen-Age program there. This request was granted by the board. Mrs.

Long reported that the Italian Mothers, the Polish Mothers club and the Overseas Wives agreed to raise their quotas for World Fellowship.

Mrs. Glenn stated that eight different groups have had or were planning to have parties at Camp East Brook this month.

### Revise Constitution

One of the most important matters of the whole meeting was the presentation by Mrs. Roy A. Long of the revised constitution. In order to make a revised constitution legal it must be passed at two meetings of the YW membership but before it can be presented to the membership it is necessary for the board to agree to its presentation. Lengthy discussion ensued last night, especially on the part dealing with the inclusion of the church or the personal purpose and on the part describing who electors shall be.

This revised constitution will now be presented at the World Fellowship meeting on November 29 to be held in the Cathedral and again at the annual meeting in January. Mrs. Long is a well-known parliamentarian and has spent long hours on this project and will spend many more.

### Schmid Speaks

Mr. Schmid then made some very appropriate remarks about the Community Chest campaign, citing the fact that, although the campaign goal of \$127,000.00 is higher than in former years, yet it is not as high as in other communities of this size. In fact, some towns smaller than New Castle have higher goals. One example he gave was of the individual who in former years may have given \$1.00 to \$5.00 to the Chest. The same individual may still be giving the same amount, in spite of the fact that he is making more himself and also that the cost of operating Social Agencies has gone up like the operating of all other organizations.

Mrs. George D. Morris, chairman of religious education, led the group in a worship service motivated by The Focus. The Focus is the expression of an objective adopted at National Convention last March for the coming triennium and should influence all planning and thinking in the YWCA activities.

The board adjourned with the reminder from Mrs. Moorehead that the next meeting, will be November 15, at 7:30 p. m.

## Legion Of Honor To Meet Thursday

Fire Chief Steinbrink Will Tell Fellow Members Of Alaskan Trip

Members of the Legion of Honor of the Valley of New Castle Consistory will meet Thursday evening, in their rooms in The Cathedral, Commander Ralph R. Carlson announced today.

Fire Chief Herman F. Steinbrink will be the speaker and will tell his comrades of his recent hunting expedition to Alaska. Plans will be made for the coming season and other activities of the group, Commander Carlson states.

## Girl Scout Group Plans Activities

Public Relations Committee Meets Tuesday At Girl Scout Office

Members of the public relations committee of the Girl Scout Council gathered in the Girl Scout office in the Greer building Tuesday afternoon, when plans were made for future activities. Mrs. D. B. Forsyth, new executive director of New Castle Girl Scouts, met with the group, of which Mrs. Robert Myers is chairman.

Public relations may be divided into four phases including publicity, radio, exhibits and a speakers bureau.

Mrs. Forsyth stated that the leaders should have an important objective for each month. A plan of activities for the whole year should be made well in advance. Mrs. Forsyth added that the camp committee should be active every month of the year. Emphasis of local Girl Scouts should tie in with national activities.

The new executive director also stressed the importance of the Girl Scouts, a red feather agency. Local Girl Scouts aid in a number of community projects. Tentative plans were made for Girl Scout Week which will start the last day of October.

The public relations committee plans to assemble the third Tuesday of each month at 2 o'clock.

## MT. HERMON

Mrs. Everett McCracken entertained the young ladies Bible class at her home, Monday evening.

Clarence Stoner is serving on the jury this week.

T/Sgt. and Mrs. B. K. Stevenson and daughter, Darlene and Kathy Sue of MacDill Field, Fla., have returned home after visiting at the home of Mr. and Mrs. Irwin Stevenson.

Mrs. Mark McAnnell of Wurttemberg and Mrs. John Houk, of Energy, visited at the home of Mrs. Anna Boak, Thursday.

Visitors at the home of Mr. and Mrs. Irwin Stevenson last week, were Miss Rose Munnell, Mr. and Mrs. Robert Stoner, Mr. and Mrs. Clarence Stoner and son Bobby, Mr. and Mrs. Ben Magee of New Castle and Mr. and Mrs. Ray

Coates and daughter Joy, of Scotland, La.

Communion will be observed at the Mt. Hermon Presbyterian church Sunday morning with Rev. Shumacher in charge.

### ACCEPTING BIDS

HARRISBURG, Oct. 18—(INS)—The Pennsylvania Turnpike Commission today will accept bids for the first two contracting jobs on the western extension of the turnpike.

The projects are the Brush creek viaduct and the paving of the first three miles west of the present terminus at Irwin.

Girl Scouts	\$7,000
<small>Well-organized, carefully developed programs afford every Girl Scout an equal opportunity to be a healthier and more useful citizen. The Council operates through 40 Girl Scout Troops, located in New Castle and surrounding areas.</small>	
Jameson Memorial Hospital	\$10,000
<small>7,593 patients were admitted and treated during the 12 months ending May, 1949. Over 31% were free and part-pay patients. Free care given amounted to \$34,843. Without support from the Chest, it would be impossible for our hospitals to maintain adequate service to those who can pay and also care for those who cannot.</small>	
Margaret Henry Home	\$16,000
<small>Death! Divorce! Desertion! Mental illness! Separation! These are the insidious social factors that rob children of their birthright to be raised in normal homes. The Margaret Henry Home in the past 45 years has cared for more than 3,000 children. At the present time, thirty boys and fourteen girls are being fed, clothed, and sheltered at the Home.</small>	
New Castle Hospital	\$9,000
<small>In the year 1948 at the New Castle Hospital, 4,136 patients were treated for a total of 34,015 patient days and the value of services rendered without payment is estimated at \$25,841. Some of these "free days" meant life or death to those receiving them, notwithstanding the fact that they were unable to pay the bill.</small>	
Salvation Army	\$6,000
<small>To those without hope or faith, to those who seem only are society's outcasts. The Salvation Army is ever a faithful friend, seeking to return value and meaning to life, giving courage to start again, to work again. Last year the Salvation Army gave direct material aid to over 2,000 individuals and families in the county. It gave counsel and advice to many more who were sorely troubled with family and personal problems.</small>	
U. S. O.	\$3,000
<small>By the end of 1949 it is estimated that more than 2,000,000 young men will be in uniform, including several hundreds from our own communities. Each one is a mighty good reason why U. S. O. must serve again, bringing food to the snack-hungry, cheer to the lonely, and a touch of home to those far away from home. Our new soldiers need U. S. O. just as much as the old ones did.</small>	
Young Men's Christian Association	\$15,000
<small>Thru basketball leagues, swimming classes, summer camps, gymnasium classes and other means the Y. M. C. A. develops the physical, social and spiritual well being of thousands of boys and men in New Castle and vicinity, many of whom would not be able to afford any other such opportunity.</small>	
Young Women's Christian Association	\$12,000
<small>More than 3,000 women and girls participated actively last year in the social and recreational program of the Y. W. C. A. Many others were affected by the Association's work. An effective Y. W. C. A. is one of the most potent factors in developing girlhood into finer womanhood.</small>	
Elm Street Branch, Y. W. C. A.	\$3,800
Shenango Street Branch, Y. M. C. A.	\$4,000
<small>These colored centers are probably the greatest influences in the community toward better and more harmonious racial understanding. Recreational facilities are utilized by a large portion of the negro population of New Castle.</small>	
Campaign and Administrative Costs	\$9,850
<small>These costs are among the lowest for Community Chests of our size and type. The campaign is conducted entirely by local citizens who serve without cost.</small>	
Reserve for Contingencies	\$10,000
<small>This amount is set aside to allow for uncollectible accounts where subscribers move away or cannot be reached and for unexpected emergencies that may arise to jeopardize the work of the Chest or any of the agencies.</small>	
TOTAL NEEDED	\$127,350
<small>Note: Each agency raises from dues, etc., all the money it can. You are asked to make up only the difference.</small>

## N.S.A. Chapter Hears F. Wiget

Executive Council Member Of United World Federalists Of Pennsylvania Speaks

New Castle Chapter of National Secretaries Association held their regular monthly meeting at a tea room in New Wilmington on a recent evening.

A delicious dinner was served at 6:30.

After dinner Miss Florence Davis, chairman of the program committee introduced James Cavill, president of the New Castle Chapter of the United World Federalists Association of New Castle. He in turn introduced the speaker of the evening, Francis Wiget, a member of the United World Federalists Pennsylvania Executive Council and vice-president of the Pittsburgh Area Council of the organization who spoke on the purpose of the United World Federalists organization. He stated that the World Federalists believe that peace is not merely the absence of war, but the presence of justice, of law of order—in short, of government and institution of government. World peace can be created and maintained only under a federal government, universal and strong enough to prevent armed conflict between nations, and having direct jurisdiction over the individual in those matters within its authority.

A short business meeting was held with Miss Olive Webb, president in charge.

Committee reports were given by the chairman of various committees. Miss Gertrude Graham, chairman of the Social Service committee announced that the members would help with the Polio drive.

Announcement was also made about the convention to be held at Akron, O., on November 10, 11 and 12. Special guests for the evening were Mr. and Mrs. James Cavill and Francis Wiget, of Pittsburgh.

Mrs. Dorothy Latschaw, chairman of the social committee had charge of the dinner arrangements.

Life insurance companies of the United States and Canada will contribute \$680,000 during the coming year for the support of heart disease research.

# Leahy Moans But Not For Long, Notre Dame Has Won 32 In Row

By LAWTON CARVER  
(International News Service Sports Editor)

NEW YORK, Oct. 19.—There have been a number of outstanding moaners among college football coaches, but the loudest weeper of them all at the moment is Frank Leahy, of Notre Dame.

Prior to almost any game he bows his head, rolls his eyes like a blue-eyed ox, shakes with great sobs and, in effect, calls to the attention of his listeners what a terrible slaughter this is going to be for Notre Dame.

One of Best  
Right now he probably doesn't believe that Notre Dame defeated Tulane by 46 to 7 last Saturday—or maybe he knew it all the time.

The Irish were just about as good a football team as you are likely to see any time soon as they ran wild against a Tulane squad which was rated as somewhat better than good. The victory wasn't an upset, but the margin was one of the big surprises of recent seasons.

The Irish are described as a shifty, fast and great-blocking team comparable to the best ever turned out by the original old master, Knute Rockne. The score was 27 to 0 after only 15 minutes. After that, the Irish scored whenever they wanted to.

32 in Row  
This Tulane team was supposed to be one of the best ever to come out of the south, yet couldn't even make a contest of it. For the Irish it was their 32nd game without a defeat.

While Coach Leahy probably found several things in that game which caused him great anguish, like the way Tulane was permitted to score a touchdown instead of being shut out, he can't moan much this week. The Irish have an open date next Saturday.

After that they take on Navy, Michigan State, North Carolina, Iowa, and Southern California. What's the price against Notre Dame taking them in order and one-sidedly?

Don't ask Coach Leahy, the new old master. He probably will tell you that they all look like Notre Dame defeats.

Must Watch Justice  
Unbeaten North Carolina will go like all the rest when the Irish are encountered at Yankee Stadium, New York, on November 12, but it should be an interesting game, barring one little thing. This has to do with whether the Irish will be able to bottle up Charlie Justice.

If this guy manages to play as well as an All-American back

should, the Southerners will be able to make it interesting even while being batted down and out.

In the other games the Irish figure to win just about as they please. They may get a close call or two, but from which clubs? You name 'em and make yourself a fortune.

Bear in mind all the time that this Notre Dame team has a chance to rank with the greatest Notre Dame has put on the field, or so they say.

Coach Leahy is going to have a mighty hard time staying unhappy, from the way it looks now.

## Marine Corps Reserve Unit Meets Thursday

VTU-12 (artillery), western Pennsylvania's first active Marine Corps Reserve unit, meets Thursday evening. Under the command of Major Robert White of New Castle, the meetings are conducted at the headquarters of the Ellwood City Marine League in Frisco.

At this special meeting of the Reserve Unit, 1st Lt. Morris D. Cooke from the headquarters of the Fourth Marine Reserve District in Philadelphia will attend. Lt. Cooke, a member of Col. Laue's (district director) party which is on an inspection tour of reserve units, will instruct the local group on an Organized Reserve Corps.

The meeting is open to all former marines and marine reservists, active or inactive. The Marine Reserve meetings are usually conducted in uniform. Part of the lecture period is taken up with motion pictures on various phases of military training. The motion picture periods are followed by open discussions. Meetings start at 8 p. m. The adjutant of VTU-12 is Lt. Michael F. Hasbuck of Evans City.

HILLSVILLE  
The members of the Friendship club of the Methodist church, moved to the home of Mr. and Mrs. Carl Book of the State Line road on Friday evening for their regular monthly meeting. Following the regular business meeting the remainder of the evening was spent in playing games and social chat. At a late hour a very delicious lunch in keeping with the halloween season was served by the hosts.

The members of the Berean Bible class will gather at the home of Mrs. Jefferson Hartford on Friday evening for their regular monthly meeting. Every one is to come masked.

Mr. and Mrs. Theron Best and family were recent visitors with relatives in Beaver Falls.

Mr. and Mrs. Jefferson Hartford and son Lincoln spent the week end with their son and family. Mr. and Mrs. Dallas Hartford and family of Annadale, Pa.

Mr. and Mrs. Wm. Navarra and son, were recent visitors with relatives in Lowellville, O.

### CLASS B STANDOUTS

This department received a letter the other day from a football fan from Union township who saw the Union-Shenango game last Friday night.

The writer of the letter commented on the fine play of Dickie Kroesen in the Shenango backfield. He states that in his book Kroesen is the No. 1 back of the year in Lawrence county and wonders why we don't give him and others like him the boost they deserve.

We wish the writer had signed his name. The letter was sincere and had a very good thought and we would like to have used it as it was.

This department agrees with the writer that Dickie Kroesen is a whale of a football player. He does his job well and deserves recognition. If we fail to give proper credit in our news stories of the games played let us take the opportunity to do so now.

**Other Standouts**  
But while we are mentioning standout players on our county football teams let's mention a few others that need not take a back seat to anyone. We are speaking of Glenn Hedrick of Union and Johnny Allen of Shenango. Both boys run well, pass well and punt well and turn in fine jobs week after week.

Another standout back in the class B circles is Mooney Schaville of Bessemer, who by all measurements is a great football player. Before he graduates Mooney should make a place for himself as one of the finest players ever to play in Lawrence county.

Other fine backs are Joe Hritz of Union, Phil Tirratto and Don Tanner, both of Bessemer.

**Linemen Shine**  
On the line are boys such as Lynn Fowler and Pete Barber of Union, Angle Morrone and Bob Mielusny of Shenango and Tom Thuluga and Duss Cracraft of Bessemer.

There are others that play fine football week after week but just haven't received acclaim because of the nature of their work. We've missed the fine job they're doing on many occasions but those who have seen them play know what they can do.

We mentioned once before that many of the players on Lawrence county's class B teams could be standouts on any team in the state. Any persons that have seen Bessemer, Union or Shenango play this year know this is true.

Just in case there is any doubt about it, Roy Campanella, of the Brooklyn Dodgers, is the best all-around catcher in baseball today. Want an affidavit?

# Hurricane Polishes Offense For Har-Brack

## Roussos And Latsko Share Fullback Slot

New Castle High football team has to be "up" for this one or the chances of a victory are very slim.

Hence the undefeated Red and Black Hurricane went through its second long drill with pads yesterday afternoon at Taggart Stadium as Coach Bridenbaugh prepares his charges for the Friday night conflict with the Har-Brack Tigers.

Every detail of play comes in for a little extra attention this week. Perfection, rarely achieved by a high school football team, is the goal. The coaching staff must spend extra time with newcomers Mitchell Charles and Dante DeFalco. Not that these boys are backward but they do lack game experience.

### Line Key To Success

Charles, a husky junior, will be at center Friday night in place of Charles Mancine, and DeFalco will substitute for Bear Mangino. Dante is also a junior. The two regulars have played of parts casts on their left knees and will not see action the rest of the year. Both Charles and DeFalco appear to be good ball players and are high class substitutes. Nevertheless, the Canes will definitely be handicapped. The boys hurt at Farrel were key operatives in the big New Castle line. The forward wall is the main reason the Hurricane is undefeated after six starts this season.

### Need Power Plus

Coach Bridenbaugh is brushing up on blocking assignments for the power plays that have been the heart of the Canes offensive all season. New Castle will be ready to charge downfield whether Neil Brown has his Big Green in a five, six, seven or eight-man line.

Big Jawn Roussos and Ray Latsko alternated at the fullback slot yesterday and both ripped off nice gains. Despite many criticisms from grandstand quarterbacks, it has been the power of the line plus the hardhitting fullbacks that have brought New Castle six wins.

### Special Plays

However, Coach Bridenbaugh has realized all season that Har-Brack was going to be the team to beat. The Tigers have been well-scouted and in Bridenbaugh's bag of tricks are several plays that have not been used outside of practice sessions. The numbers are especially designed to produce against the favored Har-Brack eleven.

The Canes line, already hampered by injuries, was confronted with more sad news yesterday when it was disclosed that Bucky Tate has a badly bruised shoulder. The big tackle will not participate in heavy workouts this week but he plans to be ready to go Friday night. Halfback Dick Altman also has a sprained ankle but will be ready Friday.

Witnesses of several Har-Brack games this year spent yesterday teaching the junior varsity the visitors' plays. A defensive session against the slick T formation of the Tigers is on today's practice agenda.

## Franklin Takes On Butler Junior High

Two Undefeated Junior High Teams Meet At Taggart Stadium Thursday

Benjamin Franklin junior high school, riding on the crest of two straight victories, meets Butler junior high, undefeated in three starts, at Taggart stadium Thursday afternoon.

So far this season Franklin has turned back Warren West and Farrell, while Butler has defeated Penn, Natrona and George Washington.

Butler displayed a good passing attack as they defeated Washington 12-0 last week and are expected to give Franklin a real test.

Franklin's team, which defeated Farrell junior high last week, showed power and great improvement over the Warren game.

Michigan State's all-time football record shows an overwhelming scoring edge for the Spartans, having scored 8,212 points as against 4,195 by the opposition.

### One-handed Star

DESPITE the handicap of having only one hand, Larry Bacon, 205-pound guard on the Bucknell university team, is one of the stars of his club. Bacon lost his left hand in 1944 while serving with the U. S. Marines in the Marshall Islands. (International)

## Bucky Harris Named Manager At Washington

WASHINGTON, Oct. 19.—(INS)—Stanley (Bucky) Harris, the "boy wonder" of a generation ago, agreed today to return as manager of the Washington Senators for the next three years at a reported salary of \$30,000 per annum.

Harris signed his third-term contract as Washington manager after conferring with club owner Clark Griffith. The 53-year-old "Bucky" will be the highest-paid pilot in Washington baseball history.

## K. Pulaskis Make Plans For '49-'50 Basketball Season

Al Gonet Selected As Coach For Season, Joe Cooper Assistant Coach

Al Gonet was selected as coach of the K. Pulaski Big Five basketball team for the '49-'50 season at a meeting in the K. Pulaski hall Tuesday night.

Arrangements for the coming season were completed at the meeting with first practice session scheduled to be held at the K. P. hall Tuesday, November 1, at 8 o'clock. From that time on the squad will practice on Tuesday, Wednesday and Thursday evenings.

Ed Carr has been making good progress in lining up a tough schedule, it is reported. So far, games have been arranged with Steubenville K. P.'s, Altoona Indians, Pittsburgh Pros and the Youngstown K. P. Big Five. Officials for the season have been re-elected. They are Al Gonet, president; Louis Kwitek, secretary and treasurer; John Ostrowski, Bill Gierlach and Stanley Boron, trustees.

Joe Cooper has been named assistant basketball coach. The K. P.'s expect to have another good team this year, with many name players in the county working out for berths.

## Union High Ends Home Grid Season Against Hopewell

Powerful Beaver Valley Team Meets Scotland Laners Thursday Night

Union high school plays its final home game of the 1949 season Thursday night when it meets Hopewell under the lights at Union high field.

Both teams have 3-and-3 records going into the game, Union winning from Darlington, Evans City and Shenango and Hopewell taking Moon township, Neville Island and Mars.

Union has dropped games to Mars, Bessemer and Zelenople. Hopewell has lost to New Brighton, South Fayette and Monaca.

### Both Played Mars

The only team that both have played is Mars. Mars defeated Union 26-6, while Hopewell defeated Mars 12-0. The Beaver Valley boys are reputed to be tough, losing their three games to tough opposition by only one touchdown in each case.

They stepped out of their class for the New Brighton and Monaca games and threw a scare into both teams. Both defeated Hopewell by 6-0 scores.

Union should be in fair shape for the game and will be helped considerably by the return of Lynn Fowler in the center of the line. The boys regained a lot of confidence in the Shenango game last week and are working hard for this one.

### SADDLE AND HARNESS ASSOCIATION MEETS

Lawrence County Saddle and Harness association will meet tonight at 8 o'clock at the club's field, it is announced by association officials.

Further work on the new club house is the main item of the evening. All members are urged to attend.

## Elks Quarterbacks See Sharon Films

Members of the 69-Quarterback club of the New Castle Elks held their first regular Tuesday night dinner meeting last night at the Elks club.

The new group is interested in football and the fortunes of the New Castle High Red Hurricane in particular.

Last night's guests included Coach Bridenbaugh, assistants Gig Thomas and Bill Klee, plus two players, Buck Tate and John Roussos.

Bridenbaugh, in the finest tradition of the coaching profession, failed to say very much on the prospects of the Friday night tilt with Har-Brack. He reviewed several important developments in recent games and told the gathering about the Friday night visitors. The coach had lots of praise for Ray Mattioli. The Tigers' slick "T" quarterback is a magician with the ball and can toss it with consistent accuracy.

The New Castle mentor made no prediction about the outcome of the game but the quarterbacks did not doubt his sincerity when he said he was plenty worried.

Coach Klee showed films of the Sharon game before the huddle was dismissed until next week.

## Mercer To Invade Bessemer Thursday

Cementers Seek Win Trail After Being Upset By Zelenople Friday Night

Coach Bill Clecone's Bessemer eleven is out to prove an important point this week.

The Cementers host Mercer on Thursday night at Bessemer and a win over the Mustangs would help the host team prove that the Zelenople upset was just that.

Coach Hoffman's Mustangs have a three and three record to date but one of those wins was a victory over Zelenople. If the Red and Black can outscore Mercer they will have a good talking point.

Mercer lost by two touchdowns to Rimersburg last week and will be trying to prove that its caliber of play hasn't slipped after promising early season predictions.

## HERE AND THERE IN SPORTS' LAND

**JIM COOK**, former local liveryman, now a resident of Plain Grove township, was a New Castle visitor yesterday and when asked how fishing was during the past summer at Ramblers' Rest, Slippery Rock creek, he replied "off color". One of Cook's acquaintances strolled to the group and asked: "Any ducks on the Slippery Rock yet?" to which Jim replied: "No, I haven't seen any", explaining, "I don't know much about ducks. In fact, I can't tell the difference between a duck and a loon". Jim next reported that several years ago a flock of loons landed on the creek, according to Bob Studebaker, who mistook one for a duck, and which he found quite "starchy" when he dressed it. Jim stated that years ago as every hunter knows, game, especially rabbits and birds, were plentiful in the state and often, city folk rented three-seated surreys and traveled to the rural district, returning at night, with the surrey loaded with game. In those days, it was permissible under the law to shoot as many rabbits as possible, which would be disposed of by farm boys for 10 cents each, which was one means they had of earning pocket money. In every city of the state one could walk along a market lane and see hundreds of rabbits suspended from rafters, for sale. Nowadays, rabbits and birds are seldom found, and some veteran hunters do not hunt after the first several days, opining that all the game has been killed off.

While auto riding Monday night in East Brook district, Traffic Policeman Ray Richards reports seeing 10-point buck which would weigh about 150 pounds. "It is probably the same 'buck' I seen at the New Castle Airport" said Sergeant Carl Wallace. W. Gilmore Smith, also a police sergeant, said he saw a big 'buck' at Edenburg. . . . Miami Boxing commission had adopted a rule whereby a fighter may be fined up to \$25 for rule infractions. . . . Several hard rains before November 1 would go far toward lessening the probability of fire in field and thicket. . . . Many squirrel are seen on city thoroughfares. . . . Har-Brack will be the opponent of Ne-Ca-High, Friday night. . . . Bill Jolly, former boxing promoter, visited Tom McMahon, in Cleveland, recently. . . . Co-Captain John Greene of the Detroit Lions is employed in the advertising business in the off-season. . . . 'Twont be long long until the billiard and pool experts will be displaying their wares, locally. Among local cue stars of yesteryear were Lee O'Loughlin, Vic Poplar, Pedro Boston, Tommy Leach and Dixon. . . . Bill Fessler is plying a paint brush again after being shelved due to having been struck by an auto in the downtown district. . . . Dan Sweeney, the former heavy-weight, and who has been a blacksmith all his life, is an artist in his line, as the collection of articles he turned out, shows. . . . Lloyd McKinnon of the Chiefs, who was quite ill for some months, is now able to circulate around town.

## Garcia Beats Clemon In Bruising Fight

LOS ANGELES, Oct. 19.—(INS)—Heavyweight Champion Ezzard Charles looked trim and sharp last night as he boxed a four-round exhibition with Sonny Andrews of Los Angeles at Olympic auditorium.

In the 10-round main event, Rudy Garcia, 130, Los Angeles, won an unanimous decision over Joey Clemon of Portland, Ore., in a bruising fight.

Both scrappers were cut up when the bout ended, with Garcia gaining the nod by a close margin.

The fight card drew 3,000 fans. George Lawther, son of John Lawther, former Lion basketball coach, is goalie on the 1949 Penn State soccer team.

## ASSAULT RETIRED TO TEXAS RANCH

NEW YORK, Oct. 19.—(INS)—Assault, fourth-ranking money winning race horse of all time, was permanently retired Tuesday.

Owner Robert Kleberg and Trainer Max Hirsch announced the decision to retire the six-year-old colt because he suffered a severe hemorrhage last Saturday in the Grey Lag handicap at Jamaica.

The 1946 triple crown winner will be retired to Kleberg's King ranch in Texas. Assault was retired to stud in 1948 but was brought back as a racer when he failed as a stallion.

His total winnings were \$672,520. Only Sycmie, Citation and Armed have earned more.

Earl Blaik has himself a good thing at West Point this year. And Blaik knows how to coach good things.

## Jockey Glisson Out For Season

Glisson suffered a fractured collarbone in a fall from his mount yesterday in the third race at Jamaica race track.

## Favor Army To Beat Columbia

However, Coach Blaik Is Ridden' By Spectre Of 1947

WEST POINT, N. Y., Oct. 19.—(INS)—Army, undefeated in 14 games, is so heavily favored over Columbia this weekend most of the odds-makers won't even make a quotation on the contest.

But Coach Earl Blaik and his West Point staff are ridden by the specter of 1947.

That year, scouts came back and assured Blaik the Black Knights would trounce Columbia by "at least 35 points."

What happened? Lou Little brought Bill Swacki, Gene Rossides, Lou Kusserow and company to meet the Cadets and beat them 21 to 20.

That loss abruptly ended a 32-game undefeated string for Army. It isn't likely to happen again, although Little is a past master at keying his teams up for one big upset victory.

**Slaughtered By Yale**

This time, there is no Rossides-Swacki passing combination and no battering ball carrier like Kusserow. The Lions are stocked principally with sophomores in the throes of learning Little's winged-T system.

Columbia started bravely enough, with victories over Amherst and Harvard. But Yale slaughtered the Light Blue, 33 to 7, and Penn followed up with a 27-to-7 defeat of the Lions.

Army, meanwhile, is rated at least as strong as the post-Davis and Blanchard elevens of 1947 and 1948.

In four games—against Davidson, Penn State, Michigan and Harvard—the West Pointers have scored 164 points against 35 for the opposition.

## Joe Tipton To Replace Rosar

Philadelphia A's Obtain White Sox Fire-Brand Catcher In Deal

PHILADELPHIA, Oct. 19.—(INS)—The Philadelphia Athletics came up today with a new catcher, firebrand Joe Tipton, acquired in a barter deal with the Chicago White Sox for second baseman Nelson Fox.

Arthur Ehlers, A's farm chieftain, said no cash or other players were involved in the deal.

It was just a move, he explained, to replace the ailing Buddy Rosar, traded to the Boston Red Sox for infielder Billy Hitchcock.

Fox, 22, hit .257 in 86 games for the A's last season as a sub for the injured Pete Suder. Tipton, 27, had a .204 average in 67 tilts with the Windy City club.

Tipton, a Tennessee native, batted .327 for Harrisburg in the Interstate league in 1946 and .375 for Wilkes-Barre in the Eastern in 1947.

Harold M. Foster, Fair Lawn, N. J., tackle at Lehigh university, received the American Chemical society award for the highest mark in chemical engineering in the class of 1950.

## Financial 'Suicide' Faces Pro Gridders

BUFFALO, N. Y., Oct. 19.—(INS)—Elmer's tune was different today.

When Elmer Layden was commissioner of the National Football League four years ago he told the then newly-formed All-America Conference to "get a football" before it could be recognized.

Speaking at a dinner in Buffalo yesterday the former Notre Dame coach and member of the Four Horsemen told the two leagues to "get together or commit financial suicide."

## Walls And Gunn On Clarion Team

Bill Walls, Former Red Hurricane Star Leading Scorer On Teachers Team

Bill Walls, 170 pound ex-Red Hurricane back, now a sophomore at Clarion State Teachers College, is leading scorer on the Teachers' undefeated, untied and unscored upon eleven, so far this season.

According to word from Clarion, Bill's running and all round fine play has been one of the chief factors in Clarion's fine showing this year, which shows victories over Cheyney, Edinboro, Rio Grande and Thiel by big scores.

Also on the Clarion team and one of the finest prospects on the squad is freshman Jesse Gunn, ex-Hurricane fullback, who is seeing a lot of action at tackle for the Teachers.

Next week the Clarion Teachers get a real test when they travel to California State Teachers College in one of the top district clashes of the week.

## Wolverines To Meet Minnesota

ANN ARBOR, Mich., Oct. 19.—(INS)—It will take a shot in the arm or a mighty inspired Michigan eleven to stave off a third licking in a row when the Wolverines tackle unbeaten Minnesota at Ann Arbor Saturday.

Since the needle is out, Michigan will have to depend on the wizardry of coach Benny Oosterbaan and a great improvement in its passing attack to keep in the "Big Nine" championship race.

The famed Wolverines, who had won 25 games in a row, virtually went to pieces after that 21 to 7 beating from Army two weeks ago. Last Saturday's 21 to 20 defeat by Northwestern could easily have been the last attack that broke the "maize and blue" vaunted invincibility.

Michigan has not lost three successive games since 1937 and there is no doubt that Oosterbaan will resort to every trick in the bag to avert disaster.

But Bernie Bierman's Gophers, who humbled Ohio State, 27 to 0 last week, are on the high road to the Rose Bowl. Fumbling, stumbling Michigan will need more than coaching magic to stop them.

## PANTHERS ON WAY BACK TO BIG-TIME SPOT

Jimmy Joe Robinson Halfback

Lou Cecconi Halfback

Nick DeRosa End

Carl DePasqua Fullback

FOR the last 10 years just another football team, the Pitt Panthers are slowly coming back into the national prominence they enjoyed when the late Jock Sutherland turned out one champion after another. Mike Milligan, the coach, has a fine team this year, still rolling along undefeated. The No. 1 victory was over Northwestern, the Rose Bowl champions.

## Recreation Board Basketball League Is Being Formed

Midget, junior, and senior basketball leagues will again be sponsored by the Recreation board. These leagues are open for boys in the city of New Castle.

Teams are being organized by boys throughout the various parts of the city. Health teachers of the schools are now in possession of entry blanks and all boys who are interested in entering a team are requested to secure an entry blank and fill it out properly. These are to be returned to the health teacher before October 28.

**Age Groups Named**

All boys who desire to play are invited to participate if they fall under the proper age groups. The age brackets are as follows: Midgets, up to but not including 13; juniors, up to but not including 15; and seniors, up to but not including 18.

If a boy's age changes after January 1, he may complete the season. All team captains will meet at Swing Lobby, third floor of the City building, Tuesday, November 8 at 4:30 to receive their schedules.

## High Harriers Capture Third

Defeat Meadville 16-39 At Castle Hills Course Tuesday Afternoon

New Castle High school's cross country team chalked up its third win of the season Tuesday afternoon by defeating Meadville High 16 to 39 at the Castle Hills course.

Dick Boyle finished first in the fine time of 12 minutes and 6 seconds, followed by teammates Jim Goodrich, Darrell Leiberger, Tony Vitale, Toner of Meadville finished fifth, followed by Fee, Florida, Shaw and McCrumb of New Castle. Porter of Meadville, finished 10th.

It was the second victory of the season for the Canes over Meadville, who fell before Coach Austin Cowmeadow's juniors and sophomores on October 6 at Meadville. Besides Meadville New Castle has defeated Beaver, 15-40, and lost to Aliquippa, 30-24.

Thursday the team travels to Mt. Lebanon in what is expected to be one of the toughest meets of the season.

## Charlie Affif And Yarosz Box Draw

PITTSBURGH, Oct. 19.—(INS)—Middleweight Charley Affif drew with light-heavyweight Tommy Yarosz in the ten-round main bout last night before 2,883 at the Gardens in Pittsburgh.

Boob Baker, Pittsburgh Golden Glove heavyweight champ, won his seventh straight pro bout by outpointing Pedro Bradley in the semi-final bout.

Skippy Whitted of Ambridge substituted for Chuck Gibbons of Ellwood City on the same card and lost to Don Alderson of Canonsburg by decision.

In Arnold Galiffa, the Black Knights have one of the most talented T-formation quarterbacks in football. Strangely, his abilities first were noted during the humiliating 26-6 Army loss to Notre Dame in the closeout game between the two teams at South Bend, Ind., two years ago.

In 1935, when Col. Biddle was president of the game commission, the mourning dove was classified as a song bird and could not be hunted in Pennsylvania.

## AAC Teams Set Scoring Pace

All-America Conference Teams Scoring Close To 50 Points Per Game

NEW YORK, Oct. 19.—(INS)—All-America conference teams are scoring close to 50 points per game as they pursue their offense-gone-wild schedule.

Conference figures released today showed last weekend's total of 178 points in three games boosting the season's average to 49.7 per game.

In the last nine conference games, the average has been 65.2—well over a point a minute.

**Perry Is Leader**

The rampaging San Francisco 49ers dominate the offensive department with 281 points in seven games and a total offensive average of 414 yards a game.

Frisco's 195-pound fullback, Fletcher Joe Perry, is the leading individual ground gainer with 605 yards in 60 carries for a 10.1 average. His eight touchdowns also lead the league.

Automatic Otto Graham of Cleveland picked up 362 yards passing last Friday against Los Angeles to increase his yardage total to 1,626. He's completed 98 passes in 172 attempts.

**Vanderweghe Signs With Knickerbockers**

NEW YORK, Oct. 19.—(INS)—Ernie Vanderweghe, former Colgate star, has signed a professional contract with the New York Knickerbockers of the National Basketball Association.

## LaMotta May Not Box Cerdan

Bronx Bull May Pass Up Frenchman For Light Heavyweights

NEW YORK, Oct. 19.—(INS)—Champion Jake LaMotta, who once complained he was sidetracked from the middleweight crown for six years, today showed obvious disinterest in that title by setting his sights on the light-heavyweight crown.

The middleweight king said yesterday that his ambition is to become champion of the light heavies.

LaMotta, who is scheduled to fight Marcel Cerdan in a return go December 2 at Madison Square Garden, indicated that the Frenchman may never get a chance to regain his crown.

**May Avoid Cerdan**

The Bronx Bull originally was scheduled to meet Cerdan last month but a shoulder injury to Jake forced postponement of the match. Since that time the champion has hinted that he wants no part of Marcel.

LaMotta has raised numerous objections and demands on the December bout, the latest being his refusal to fight unless there be no television.

When asked whether he intended to meet Cerdan at all, LaMotta answered:

"I'd like to fight light heavies and get a crack at that title."

## Phillies Abandon Vandergrift Club

PHILADELPHIA, Oct. 19.—(INS)—The Phillies today dropped affiliations with two farm clubs, Vandergrift of the Middle Atlantic League and Appleton of the Wisconsin State League.

Spokesmen said the Phils were following a policy of cutting down farm hook-ups so there will be enough good talent to go around and insure each team a top-notch personnel.

**Y Cage Loops To Organize**

Organization meetings for various YMCA basketball leagues will be held this week so that practice schedules and rosters may be arranged early.

Y Physical Director Harold Pears plans to get the leagues underway soon, and he asks that each team interested be represented at the scheduled meeting.

Managers or captains from church league entries should be at the Y at 7:15 tonight. The Industrial loop will organize Thursday evening at 7:00, and Senior Y teams will meet at 8:15 on Thursday.

In order to distract their pursuers, some species of lizards detach their tails when in danger.

## Contends Frankie Albert Best Pro Player In Nation

By PAT ROBINSON

NEW YORK, Oct. 19.—Take it from Red Strader, the best all-around football player in the United States today is Frankie Albert of the San Francisco 49ers.

The coach of the New York Yankees of the All-American Football Conference looks at it this way:

"Albert can do more things better than any other player in the game, amateur or professional. He is a master play-caller. He is a wonder at handling the ball. He can kick, he can run and he can pass."

"I think Otto Graham of the Cleveland Browns still is the best passer in the game. A better passer perhaps than Albert. But Albert has more all-around value than anybody I know."

**Need Protection**

It was suggested that Graham could pass so well because he got such marvelous protection for his passes. But Red disagreed.

"Anybody has to get protection in pro football today or he can't pass at all, and if he doesn't get

protection he simply isn't playing with a big league ball club. Red didn't hesitate to hand the palm to Joe Perry of the 49ers as the best fullback in the league. Please note that in Perry's case he mentioned only his own league and not the country at large. After all, Steve Van Buran of the Philadelphia club in the National Football League is a pretty fair country ball carrier.

**Perry Better Man**

This premier spot generally has been accorded to Marion Motley, the big powerhouse plunger of the Browns but Red insists Perry is a better man.

"Motley," Red explains, "has to take some time to get up steam. If he has time enough to get up a full head of steam he is almost as hard to stop as a 10-ton truck with a feather duster."

"But Perry has explosive speed. He gets away like an Olympic sprinter. He's got what I call atomic action. That's why I pick him over Motley."
